Subject: Sport & Wheat v. Synovus and ServisFirst

Hello all,

Service of discovery requests

On behalf of Sport & Wheat, I am serving Synovus Bank with the attached discovery requests and deposition notice. I am also copying Sara Ford, who represents ServisFirst. Ms. Ford has accepted service of our amended complaint.

Request for 30(b)(6) deposition

Regarding the deposition of Synovus Bank: we would like to have this on June 5. I never just spring notices on people, but I wanted you to see the topics now. If that does not work, we are willing to go into the next week (June 8-12). Please tell us the physical location of the witness, but we expect to conduct the entire thing via Zoom. I will amend the notice once we have worked out the details.

Sara, we would also like to have your client's deposition during the week of June 8-12. The topics would be the same.

Request for 26(f) conference

I would like to set a 26(f) for early next week. Monday and Tuesday are generally open for me. I will throw out Tuesday at 10am CDT—does that work?

As you guys know, we are on a rocket docket with this case. The deadline to confer on 26(f) is June 17, and plaintiff's expert report is due in the middle of July. Thus, we are asking you to expedite your responses and set these depositions as fast as possible. I am grateful for the help and will do what I can to repay the favor.

My personal cell number is 773-234-5605 and I am happy to talk with any of you. Have a good weekend.

Bill Cash III
