Re: USA v. Adrienne Ponzo, et al
Criminal No.: 1:24-cr-00267-KMW

Dear Judge Williams,,

As the court is aware, the undersigned was appointed to represent Ms. Ponzo in the above referenced matter. The Court recently extended the due dates regarding motion practice in this case due to the defendant's need to engage Cornerstone Legal Consultants to manage the massive amount of discovery turned over to the defendant's by the Government. The Court set January 15, 2025 as the return date for oral argument. I am respectfully requesting a new date even if it is the same week as I have a previously scheduled sentencing in Newark before Judge Martinotti with AUSA Robert Frazer in the matter of *United States v. Dawan Brown*. That matter is scheduled for 1:30 pm on January 15, 2025 and has been on my schedule for several months. I corresponded with AUSA Friedman regarding my scheduling conflict and he has no objection to my request but request that the date be before January 15, 2025 or in March of 2025 as he starts a trial on January 20, 2025. His preference is before January 15, 2025 however.

Thank you for your attention and courtesies in this matter.

Respectfully submitted,
