OFFICIAL COURT REPORTER
UNITED STATES DISTRICT COURT
ATLANTA, GEORGIA

(PROCEEDINGS HELD IN OPEN COURT AT 9:27 AM, ATLANTA, GEORGIA)

COURTROOM DEPUTY CLERK: Court has set aside time for a jury trial in Case Number 1:20-CR-296, United States v. Jackson, et al.

THE COURT: All right. Thank you.

Off the record for one moment.

(Off-the-record discussion.)

THE COURT: Ms. Chaiken, do I understand that we have not secured Mr. Baptiste's presence for this trial?

MS. CHAIKEN: That's correct, Your Honor.

THE COURT: Therefore, we will officially start this trial without Mr. Baptiste.

I want to thank Mr. Baptiste's standby counsel and his associate for being here, both yesterday and today. Sorry to have inconvenienced both of them, but you are hereby released.

Thank you.

MR. GILFILLAN: Thank you, Judge.

THE COURT: You-all take care.

MR. GILFILLAN: Thank you.

THE COURT: Ms. Lee, do we know if the jury is ready to be brought in?

MR. MARSHALL: Judge, sorry. Ms. Jackson -- at 9:20, she had just parked and is walking to security, so she's --

THE COURT: Oh, I wasn't aware she wasn't here. I

was told everyone was here and ready to go.

COURTROOM DEPUTY CLERK: Sorry.

THE COURT: We will pause while we're waiting for Ms. Jackson and for the jury. We'll just recess in place.

Ms. Chaiken, you wanted to put something on the record.

MS. CHAIKEN: Yes, Your Honor. At the *Jackson-Denno* hearing that we held as to Mr. Foster, we had been asked about prior testimony that Agent Stites had given, and I had said I wasn't aware of any. I just wanted to note for the record that we have provided a transcript of testimony that he gave in a bond revocation hearing as to Darrell Thomas, which have already been publically filed, but we've provided that to the defense.

THE COURT: Okay. Very well. Thank you, Ms. Chaiken.

And, again, we'll go off the record and stand in recess while we wait for the jury and Ms. Jackson.

(After a recess at 9:34, the proceedings continued at 9:41 a.m. as follows:)

(Off-the-record discussion.)

MS. CHAIKEN: Our view is that the defense should share ten strikes. They had previously requested four strikes per defendant. Ten strikes gives them five strikes per defendant. And we don't think there's a need for more than

that in this case.

And then either -- for alternates, either one strike per party and the defense can share them or they can each have a strike for an alternate.

MS. WEBSTER: Your Honor, I think we were planning to request -- when we were requesting four per party, it was with the understanding that, you know, there were four defendants at that time and that we weren't going to request more than, like, 16 total or something. So I think at this point we would request additional strikes of seven per defendant, which is still less than what we had before. I mean, less than what we'd have normally.

And I think the rule allows for that pretty clearly, but I think that we were going to wait and see how many people had been struck for cause before we made that determination.

THE COURT: Thank you.

Mr. Marshall?

MR. MARSHALL: Judge, I have no position one way or the other. I'll go along with Mr. Foster's position, Judge. That's fine.

THE COURT: All right. I'm going to continue to wait and see where we are after strikes for cause and how we are with numbers. I know we're currently waiting for a of couple jurors to even get here, so that might affect things as well.

MS. CHAIKEN: How many alternates is the Court

planning to seat?

THE COURT: I'd like to do two. I might even do more than that if we've got enough potential jurors, but I'll go for two.

(After a recess at 9:43 a.m., proceedings were continued as follows at 10:02 a.m.:)

(Potential jurors enter the courtroom.)

THE COURT: All right. Counsel, you can be seated.

Ms. Lee, thank you. And, officers, thank you as well.

Good morning, ladies and gentlemen.

I'm JP Boulee, and I will be presiding over the trial for which we're about to select a jury. Let me first apologize to you on behalf of the Court for wasting an entire day of your time yesterday. This trial was supposed to start yesterday morning. And through no fault of the parties that are here today or their attorneys something happened that made it such that I was not able to start this process yesterday.

So I'm sorry that we had you waiting around most of the day and then weren't able to start this process yesterday. I recognize that each and every one of you have jobs or families and other places that you need to be, and so I'm sorry that the way things turned out we had to expend an additional day of your time without really any value.

The right to a jury trial is one of the most

fundamental of all rights preserved in the Constitution of the United States. In fact, Thomas Jefferson, the third President of the United States, famously said that, "Jury trials are the only anchor by which our government can be held to the principles of the Constitution."

I recognize that your service as a juror may be inconvenient, but it is an important duty of citizenship. The importance of your responsibility cannot be overestimated. It's no exaggeration to say that our justice system cannot function without citizens like you. And I personally thank each of you for being here.

During COVID we changed our rules and started allowing jurors to bring their telephones into the courthouse. It's very important that you do not take out your phones and look at them while court is in session. Make sure that your ringtone is off.

We also have strict courthouse rules forbidding anyone from taking pictures or video or audio recording from within the courthouse, and you should not take out your phones to access the Internet while you're in the courtroom.

If you violate these rules, at a minimum the court security officer will take up your telephone and keep it until the end of the day.

We are about to proceed with the questioning of potential jurors. This process is known as voir dire, which

is a legal phrase that means to speak the truth, which is what we'll be asking each of you to do.

Let me tell you a bit about the process. First, I will ask you all as a group several questions related to your qualifications to serve on this jury.

Next, you'll be asked individually to respond to the questions that are on the paper that you were given as you came into the courtroom.

Then the attorneys will be given an opportunity to ask you questions as well. The questions that are being asked of you are intended to determine if you know something about the case or if you have had any life experiences that may affect your ability to be a fair and impartial juror in this case.

All the questions you're being asked have been previewed by me and I have determined that they are appropriate questions to be asked for a trial of this type. But if you are asked any question that for some reason touches on a personal matter that you would prefer not to discuss in front of everyone, if you simply tell me, then I will give you the opportunity to respond more privately with just the lawyers, me and court staff present.

We're not trying to embarrass anyone or make anyone uncomfortable, and I trust that none of the questions will, but sometimes you can't anticipate what an answer may address

for a particular juror. So if there's any matter that you want to talk about privately, just tell me that and we'll be happy to accommodate you in that regard.

And if you're excused in this matter, please don't take it personally. The law gives the attorneys the right to have a limited number of jurors excused for no express reason.

Just to give you some idea about our schedule today, jury selection will likely last most, if not all, of the day. For those of you that are selected to serve on this jury, you will then receive instructions later today. You'll get a break today for lunch and other short breaks during the day. Usually I wait until we have a jury impaneled before I give you the schedule, the start times, the finish times because sometimes that's dependent on childcare issues or something else of that sort.

Those of you that aren't selected will receive further instructions from jury management.

The case in which you've been selected to serve is a criminal case. Criminal cases ordinarily begin when the grand jury indicts or charges defendants with the commission of a crime. An indictment, however, is not evidence of guilt and should not be treated as such.

If you're selected to serve as a juror in this case, you will have to decide the case based only on the evidence presented during the trial. The evidence includes testimony

of witnesses and any exhibits that are admitted into the trial during the case.

The case in which you've been selected to serve is the United States v. Teldrin Foster and Carla Jackson.

Mr. Foster has been accused of conspiracy to commit wire fraud, wire fraud, conspiracy to commit bank fraud and wire fraud, bank fraud, false statement to a federally-insured bank, and concealment money laundering.

Ms. Jackson has been accused of concealment money laundering.

This case concerns the Small Business Administration's COVID-19 Paycheck Protection Program. And you'll get more details about it after jury selection when you hear opening statements.

Each of the defendants have pleaded not guilty to all the charges against them in the indictment. Under the law, the defendants are presumed to be innocent. They are not required to prove their innocence or even to testify. Nor are they required to present evidence. If they choose not to testify or put on any evidence, you may not consider that in your deliberations.

The burden of proof in a criminal case is upon the government. It must prove the guilt of the defendants beyond a reasonable doubt in order for you to convict the defendants. If the government fails to meet its burden of proof, the

defendants are entitled to acquittals.

This venire has been previously sworn. Is that correct, Ms. Lee?

COURTROOM DEPUTY CLERK: Yes.

THE COURT: All right. Thank you.

As to those fundamental concepts concerning the burden of proof in a criminal trial, I'll restate those to you at the end of the case, but I ask you now, is there anyone among you who disagrees with or cannot follow the law as I've stated it?

(No response)

THE COURT: No affirmative responses.

And please raise your jury card if you have an affirmative response to any of my questions. Just hold it up in the air until Ms. Lee reads your number.

Do any of you know any of the other jurors here in the courtroom today?

(No response)

THE COURT: No affirmative responses.

Or Juror 6, is that an affirmative response or are you just holding up your --

POTENTIAL JUROR: Sorry.

THE COURT: Okay. Very well.

No affirmative responses.

Do any of you know me?

(No response)

THE COURT: No affirmative responses.

I know you've met the kind folks in jury management. In addition, the court staff that works with me is made up of Ms. Coudriet, our court reporter; Ms. Lee, our courtroom deputy; and Ms. Mueller, one of my law clerks.

Do any of you know any of the court staff that's here with me today?

(No response)

THE COURT: No affirmative responses.

Counsel, is your estimate that this -- is your estimate still that this trial is expected to take about two weeks?

MS. CHAIKEN: Yes, your Honor.

MS. WEBSTER: Yes, your Honor.

MR. MARSHALL: Yes, Judge.

THE COURT: Very well.

Ladies and gentlemen, I will do all that I can to move this trial to as fast a conclusion as possible. But the parties, of course, have the right to present their evidence in support of their positions, so I can't promise you an exact date and time that this trial will conclude.

Counsel, if you could please introduce yourselves, your clients and any other persons you have at counsel table with you. And if you're a member of a law firm, if you can

please state the name of your law firm. Thank you.

MS. CHAIKEN: Good morning, everyone.

Your Honor, may I remain seated so that they can hear me?

THE COURT: Of course.

MS. CHAIKEN: Thank you.

Good morning, everyone. My name is Tal Chaiken. I'm an Assistant United States Attorney here in the Northern District of Georgia. I'm a prosecutor.

To my right is Samir Kaushal. He's another prosecutor in my office.

To my left is Siji Moore. He's with the Department of Justice's fraud section.

Seated behind us to your right is Alicia Holland. She's a paralegal in our office who will be assisting us throughout this trial.

To her left is FBI Special Agent Stefan Bublitz.

And to his left is FBI Special Agent Joseph Stites.

MS. WEBSTER: Good morning. My name is Leigh Ann Webster. I'm an attorney. I represent Mr. Teldrin Foster, who is seated beside me. Also representing Mr. Foster is Attorney Saraliene Durrett.

And to her right is Ms. Sofia Hirani, who is our paralegal who will be assisting us today.

And the name of my law firm is the Law Office of David D. Marshall. Thank you.

THE COURT: All right. Thank you. Thank you, Counsel.

And just a reminder, I think Ms. Coudriet is able to pick up everyone better if you sit closer to the mic, so -- and I know you're trained to always stand up when you're speaking in court, but for this process of voir dire, I'm just going to have y'all stay seated, please.

All right. Ladies and gentlemen, at this time, I'm going to ask you a series of questions. And as I ask these questions, if you have an affirmative response to one, please raise your jury number up until Ms. Lee calls it out, at which point you can put your number down.

The US Attorney for the Northern District of Georgia is Ryan Buchanan. Does any member of the panel know or are you related to Ryan Buchanan?

(No response)

THE COURT: No affirmative responses.

Does any member of the panel know or are you related to any of the Assistant US Attorneys or the others that are here with them here today?

(No response)

No affirmative response.

Do any of you know any of the defense attorneys or the individuals that are here with them today? Or does any member of the panel know any employees or has any member of the panel or their immediate family worked for or been represented by the law firms that were listed?

(No response)

THE COURT: No affirmative responses.

Does anyone know or are you related to the defendants in this case?

(No response)

THE COURT: No affirmative responses.

And, Counsel, if you could get your witness lists out, please.

I'm about to have counsel read a list of their witnesses. And I'd like you to raise your hand if any of you know any of the witnesses that may be called in this case.

Ms. Chaiken, I'll have you go first.

MS. CHAIKEN: Your Honor, I'd ask for permission to read the co-defendants' names as well since the jurors may hear them during this trial.

THE COURT: Very well.

MS. CHAIKEN: Okay. The people who may be witnesses or who are co-defendants in this case are: Dwan Ashong, also known as Dwan Gilpin, Jerry Baptiste, Samantha Beechan, Bern

Benoit, James Berni, Jesika Blakely, Aaron Bloom, David Belgrave, II, Amanda Christian, Ricky Dixon, Linda Downing, Teldrin Foster, Andre Gaines, John Gaines, also known as Marty Gaines, Kahil Green -- Kahil Gibran Green, Sr., Salvatore Hazel, Shelli Hayman, Charles Hill, IV, Candace Hunter, Geoffrey Hull, Carla Jackson, Nissen Liddiard, Rick McDuffie, Meghan Musil, Derek Parker, Charles Petty, also known as Charles Knight, Gena Pyfrom-Foster, Aleem Rashid, Charmaine Redding, Marc Rehberger, El Hadj Sall, Joseph Stites, Denesseria Slaton, Darrell Thomas, Meghan Thomas, Ryan Whittley and Kandace Zelaya.

MS. WEBSTER: Our witnesses are Tainana Mitchell, Jennifer Murray, Jim Persinger and Jane Holmes.

MR. MARSHALL: And our witness is John Gaines, also known as Marty Gaines, that was previously announced by the government as one of their possible parties, too.

THE COURT: All right. Thank you, Counsel.

Does anyone -- well, again, let me clarify.

Does anyone know any of those individuals that were just listed by counsel?

(No response)

THE COURT: No affirmative responses.

Does anyone believe you know anything about this case or that you've heard anything about this case before coming into court today?

(No response)

THE COURT: No affirmative responses.

Is there any member of the panel who would not accept the law as I give it to you in my instructions, even if you disagree with the law?

(No response)

THE COURT: No affirmative responses.

Is there any member of the panel who has any special disability or problem that would make serving as a member of this jury difficult or impossible?

(No response)

THE COURT: No affirmative responses.

And I mentioned earlier, in a few moments I'm going to have you read through the list of questions and give your answers. If anyone has any difficulty reading, let me know. That's nothing to be embarrassed about. We can assist you with that process.

Does any juror have any difficulty reading or understanding the English language?

(No response)

THE COURT: No affirmative responses.

Does any juror hold any belief, religious or otherwise, which discourages or prevents jury service?

(No response)

THE COURT: No affirmative responses.

All right. You heard counsel say they expect this trial to last two weeks. I am hopeful that counsel for all the parties will move through things efficiently and that we will be done by the end of next week if they do so. And I know, again, that probably most of you have jobs or families or other places you would rather be, but I do need to know if any of you have scheduling difficulties such that it will make it impossible for you to get here.

You know, an example of a reason I might excuse someone is that they have open heart surgery Thursday and Friday of this coming week and they expect to be recovering from open heart surgery the first part of next week, and that via their doctor and their insurance company, they had to schedule that open heart surgery seven months ago, and it's going to be difficult to get it kicked back a couple weeks. That would be an example in which I would probably excuse that juror after discussing it with counsel.

An example of which I wouldn't excuse a juror probably, but I'm always happy to hear the reason, but in another case, perhaps if I had someone who made a million dollars a year and was going to be out $10,000 if they were here the next couple weeks and that was painful to them, I would not excuse that juror, after, of course, discussing it with counsel and considering the issue and hearing that juror in full.

So, you know, there's a spectrum of things that I would and wouldn't consider. And, again, I understand that probably all 51 of you have places that you might rather be, but I do need to know if anyone thinks they have a scheduling difficulty that is such that they genuinely can't be here and that in their place somebody sitting to their right or left needs to be here instead.

Do any of you fall into that category?

COURTROOM DEPUTY CLERK: 14, 15, 37 and 50.

THE COURT: Okay. And once your number's been stated, you can put your cards down.

COURTROOM DEPUTY CLERK: 12.

THE COURT: Thank you.

COURTROOM DEPUTY CLERK: 12 and -- was there another one?

THE COURT: All right. Now, I would like for each of you to answer the background questions that you were handed out. I think Ms. Lee was handing those out earlier.

Ms. Lee will call your juror number. And once your name is called, if you could please stand up.

And do we have microphones ready? Okay.

If you'll stand up and speak into the microphone and simply go down that list of questions. You don't need to read the question back out, you can just answer the question. So you can say, you know, for instance, number 2, I live in

Roswell; 2(b), I've lived in Dunwoody and Stone Mountain over the last 15 years, et cetera.

I will tell you I've done this -- it's probably an exaggeration to say I've done it 100 times. I've done it dozens of times. And what always happens is people will get to questions where they might have an affirmative response to something, like, for instance, 11, 11(a) asks, State whether you or a close relative or close friend has ever been charged with or accused of a non-traffic-related violation of either federal or state law.

And you might say, 11(a), yes.

And then instead of answering 11(b) and (c), you'll just go straight to 12. And I'm going to have to go, oh, excuse me, Juror Number 78, you forgot 11(b) and (c). So please read carefully. And if after responding to one, something below it is applicable, please answer that as well.

All right. So Juror Number 1. Are you over here or over there?

POTENTIAL JUROR: Right here.

THE COURT: Good morning, Juror 1. How are you?

POTENTIAL JUROR: Good morning. Great.

THE COURT: Thank you for being here.

All right. You're our guinea pig. Go ahead.

POTENTIAL JUROR: My name is Shanketa Hammonds.

THE COURT: Oh, let me interrupt you. You don't need

to state your names, but thank you. We've got you using these jury numbers, so you can just remain anonymous. But if you want to give your name, of course I'm not going to stop you from doing so. Okay?

So just state your juror number, which we've done.

POTENTIAL JUROR: I'm Juror Number 1. I live in Conyers, Georgia. I've lived in Oxford, Georgia, and Covington, Georgia.

Let's see. 11(a), I have been accused of possession of marijuana in 2014. The -- let's see. The outcome, it was guilty deferred and a year probation.

I don't believe it would cause me to be biased.

Number 12 is not applicable.

And then number 13 is not applicable.

THE COURT: Thank you.

COURTROOM DEPUTY CLERK: Number 3.

THE COURT: Good morning, Juror Number 3.

And 11, 12 and 13 are no.

THE COURT: Thank you.

COURTROOM DEPUTY CLERK: 24.

THE COURT: Good morning.

POTENTIAL JUROR: Good morning. I'm Juror Number 24.

I live in Bethlehem, Georgia, currently. Prior to that was Braselton and Auburn. And that probably covers 15 years.

I am married. My wife is employed. She was a felony probation officer here in Gwinnett County for a number of years. And she has currently moved into a position of teaching criminal law and justice at Barrow County High School.

I do have children. I have three daughters: 28, 25 and 20. My 28-year-old works at a hair salon. My 25-year-old is a paralegal or legal assistant, along those lines. She works with personal injury attorneys and personal injury cases. And my youngest, my 20-year-old, is a junior at University of North Georgia and not employed.

I am employed. I've spent 20 years doing utilization review. Nobody knows what that is. But, in a nutshell, those are the folks who -- I work for agencies who provide alcohol and mental health -- drug treatment and mental health services. My job is to present the clinical information from those cases to insurance companies to try to convince them to pay the claim for that treatment.

More recently, they moved me into doing clinical documentation training. So right now my focus is on training facilities, nurses, case managers how to document clinically in cases in such a way that would get insurance to pay their

bills for them.

And that covers where I've worked for 12 years. I've been doing that 20 years.

I have never served on a jury before.

I have never served on a grand jury.

No military experience.

I am a professional counselor by trade. So I'm a member of the state licensing board in Georgia for my license, as well as the national board.

Other than that, I'm not overly social and I'm not overly religious.

My education level, I have a master's degree in therapy. Undergrad from UGA, master's from Kent State University.

Okay. For 11, everybody says no to these. I'm going to take a second. Many years ago I did receive a DUI, was charged with fraudulent government documents related to an underage fake ID. I was charged with manufacturing a controlled substance, which was growing marijuana, and possession of marijuana. Everything was dropped other than the possession charge, which I did a year of probation for.

In terms of 11(c), would that cause me bias? I do have a lot of issues with how my case was handled in Clarke County. But that was a long time ago and this is not Clarke County, so hopefully no.

Victim of a crime. I was once a victim of an assault and separate incident of a home robbery, my home was broken into. Two separate incidents.

One was many years ago, early '90s. The other one, the assault, was within the last 17 years.

Both people who committed those crimes were caught, charged and convicted. Part of the property that was lost was recovered. And the person who committed the assault was charged, I don't know what his sentence was, but he also had a restraining order. That would cause me no bias.

Okay. A close friend or family member has been a witness in a legal proceeding.

My wife, having been a felony probation officer for 20 years, part of her job on a regular basis was to appear in court as a witness to report on the status of her parolees. Or probationers, I should say, not parole. So she was testifying frequently.

Other than that, I think the answer is no.

That is it.

THE COURT: Thank you.

COURTROOM DEPUTY CLERK: 25.

POTENTIAL JUROR: Good morning. Juror 25.

I live in Smyrna. In the last 15 years I have lived a couple other places around the Atlanta area, Decatur, Midtown, and bounced back and forth between here and Chicago.

A couple difference places in the Chicago area, too.

I am married. My spouse is employed outside of the home. She is a manager at Home Depot corporate.

I have one eight-year-old son.

I am employed. I run a human factors and user research consulting firm that is based out of Chicago.

I have not served on a jury before, nor a grand jury, nor in the military.

Organizations, just professional ones. Human Factors and Ergonomics Society, Association for the Advancement of Medical Instrumentation, other things like that.

I have a master's degree from the University of Idaho in human factors psychology.

11, my father has been charged with -- I believe the charge was wire fraud. It had to do with hotels and money. And he spent some time in a white collar federal institution, three years. He is out now. I don't think that would have any bias on anything to do with this case.

12, no.

13, no.

THE COURT: Thank you.

COURTROOM DEPUTY CLERK: 26.

THE COURT: Good morning.

POTENTIAL JUROR: Good morning.

THE COURT: Let me interrupt you, Juror Number 26,

just for a moment.

For the great majority of this proceeding I'm going to need all of you to be in here at the same time. For this part, where each of you is just individually answering these questions, I'm able to tolerate you leaving to take a quick comfort break outside and coming right back in after a few minutes.

So if any of you that aren't either currently asking questions or are going to be within the next five to six to go need a very brief comfort break, you're welcome to head out to the hall and come right back in.

Officer, if you could kind of keep track of who's gone at any given moment in case I get to the point of the trial where I need to have everyone here to say something, I would appreciate it.

Thank you.

I have a high school diploma.

Number 11, I have a son -- okay, wait a minute. I

have two different ones here, so...

Okay. So number 11, my 24-year-old was charged with a domestic situation with his girlfriend and did have charges brought against him, as well as he also had charges brought against him for possession of marijuana. And he did have to serve some jail time and he was on parole. And I do think that he was probably given a harsher sentence as a first-time accuser or -- anyway, you know what I mean.

Number 12, I do have a close first cousin that was murdered about 20 years ago. They believe that the husband did it, but because it was in a different state, based on the state laws. The body was never recovered.

And so for me it would basically -- based on the case, would depend on whether or not I could be fair and impartial.

And then number 13 would be no.

THE COURT: Okay. Let me just follow up. So I'm -- again, as I noted at the outset, I know that sometimes answering these questions can bring up issues, and we're asking you to talk about some things that you might rather not talk about. And so I'm sorry that we're even delving into this.

But you mentioned there that, you know, based on the case would depend on whether or not I could be fair and impartial.

So I know what you had to deal with in your life was one thing. This case, as I noted, involves the Paycheck Protection Program and issues regarding that. Do you think you could be fair and impartial in this case about those topics given what you had to deal with in your life?

POTENTIAL JUROR: Yes.

THE COURT: Okay. Thank you.

COURTROOM DEPUTY CLERK: 38.

POTENTIAL JUROR: Juror Number 38.

THE COURT: Good morning.

POTENTIAL JUROR: Good morning.

I live in Dunwoody for over 20 years.

I am married. My spouse does work outside the home.

No kids.

I'm self-employed.

I have not been on a jury before or a grand jury.

No military.

Methodist.

Technical school.

No to 11.

Yes to 12. It was about 2020, and it was bank fraud. They did recover the property, but the bank would not let me know anything about the person that did it.

And I could be fair and impartial.

And no to 13.

THE COURT: Thank you.

COURTROOM DEPUTY CLERK: 39.

POTENTIAL JUROR: I'm Juror 39.

I live in Lilburn, Georgia. Also Roswell, Georgia.

I'm married. My spouse works with Gwinnett County Health Department.

I have two daughters, 22, 18.

I work with Gwinnett County Schools.

I served in a jury over 20 years ago. It was a criminal case.

Number 8, no.

Number 9, Christian.

THE COURT: Sir, could you speak up just a little bit, please. Thank you.

POTENTIAL JUROR: Okay.

Education, I had a year of technical college.

Number 11, no.

12, no.

13, no.

THE COURT: Thank you.

COURTROOM DEPUTY CLERK: 40.

POTENTIAL JUROR: Juror Number 40.

I live in Atlanta, Fulton County.

I'm married, 40 years. Spouse works from home. First day called back into the office after eight years today.

How about that?

Do you have children? Yes, one 30-year-old daughter. She works for the hospitalization computerized and personal setup for doctors. She works out of Kansas, but she lives here in Georgia. She works from home.

I am not employed. I'm retired. I worked for various companies, management, supervisor, and retired from MARTA Rapid Transit, 41 years in the transportation business.

I've never served on a jury, grand jury or a jury before.

Military, no military.

(Clarification by the court reporter.)

POTENTIAL JUROR: I am the Antlered Guard major -- I am not -- I have not been in the military, but I am a major under the Antler Guard for the Improved Benevolent Protective Order of Elks of the World. I'm also a grand -- past grand exultant ruler for them. I'm over the State of Georgia, secretary of the State of Georgia. Second scribe for the Northern District Council of Elks of the World.

Level of education, some college. Went to college for MARTA Rapid Transit.

Wow. I have quite a few close friends. I don't keep up what their charges were. I'll name the biggest one. Big Mike.

Number 12, no.

Number 13, no.

THE COURT: Thank you.

COURTROOM DEPUTY CLERK: 41.

POTENTIAL JUROR: I'm Juror Number 41.

I live in Cobb County. I have lived in Boston, Massachusetts; New York City; and Miami, Florida.

No, I'm not married.

No kids.

I am employed. I am the executive pastry chef, I work for Bold Catering. I've also worked at the Fountain Blue in Miami, Red Lobster, Papadias, Seafood Kitchen, True Food Kitchen, all your culinary locations.

I've never served on a jury before.

I've never served for a grand jury.

Not a member of the military.

I am a member of the ICA, the International Caterers Association, ACF -- well, Atlanta Culinary Federation. Delta Sigma Theta Sorority.

Christian.

Level of education, I have a double major in culinary, baking and pastry arts. A bachelor's in science in business and food service management.

Number 11, I do have a cousin who was falsely accused and charged with identity theft, fraud, assaulting a police officer and assault with a deadly weapon. He was sentenced

for about ten years. He was eventually released after three years serving. They eventually found the body cam.

This would honestly probably make me slightly biased. I'd do my best to serve, but I think this would be pretty biased.

Number 12 is not applicable.

And 13 is not applicable.

THE COURT: Thank you.

COURTROOM DEPUTY CLERK: 42.

POTENTIAL JUROR: I'm 42.

Currently live in Unincorporated Cherokee, referred to as Acworth. Before that lived in Unincorporated East Cobb, referred to as Marietta.

I am married. Spouse works for Cobb County Elections in the training department and also as a poll manager.

No children.

I'm employed doing IT security for RaceTrac. Before that worked for Cetera Financial Group. Before that was Cbeyond, which became Birch Communications.

I have not served as a jury.

Not served in grand jury.

Not served in the military.

Company belongs to some organizations of which I participate, but I don't hold personal memberships directly with them.

I'm also in Cobb County Search and Rescue.

Minor bit of college, no degree. I have some training related to the search and rescue.

I was charged with -- I'm not sure if it was a county ordinance or the county enforcing a state rule in 2020, nolo, fine and I think probation on that.

Father-in-law had a DUI a number of years ago.

And I think a sister-in-law had some issues, but I don't know what the outcomes were of either one of those.

As far as victim of a crime, house broken into in the '90s. Cars broken into early 2000s. And then my father-in-law had some property stolen in the twenty teens. His perpetrator was prosecuted, caught and some property recovered.

I don't think anything came of my experiences, but they shouldn't have any bearing on anything, so I should be fair and impartial.

I don't know if there were witnesses -- if he was a witness in any of this stuff. I've never been a witness in any other proceedings.

THE COURT: Thank you.

Off the record for one moment.

(Off-the-record discussion.)

THE COURT: Good morning, Juror Number 43.

POTENTIAL JUROR: Good morning.

I currently live in Decatur. I've previously lived in Carrollton, Georgia. Dunwoody. If you count temporary duty stations, I've been in Warner Robins, Georgia, and New Brunswick, New Jersey, and Stuttgart, Germany.

I'm not married.

I do have two children. I have a five-year-old and 16-year-old. My 16-year-old is a gymnastics coach at a local gym. And in the summertime, she's a lifeguard at a local golf club.

I am employed. I work with the Social Security Administration. I'm in the US Air Force Reserves. And I also work as a ramp agent for Unified to get flight benefits.

I've never served on a jury.

I've never served on a grand jury.

This is my 19th year in the US Air Force Reserves.

I have membership with a social fellowship called Swing Phi Swing Social Fellowship. It's a social organization. I'm also a member of the American Legion, the Air Force Sergeants Association within the military. I'm part of the top three Air Force organization as well.

I have two associate's degrees from the Community College of the Air Force. One is in transportation management, the other is in human services. I have a bachelor's in psychology from the University of West Georgia. And I have a master's in human services from Capella

University.

11 is loaded. My father is currently serving a life without parole sentence for murder.

I have an older brother who was a police officer in Philadelphia and came across some charges to where he had to do -- I don't know the technical term, but he had to turn himself in on the weekends and serve time for like a year. And I think he also had probation.

I have another brother who was the mastermind behind robberies in North Carolina. He served a ten-year sentence.

And I have another brother who has -- well, no. He has crimes that goes from vehicular homicide to drug charges and a lot of other stuff that I don't really know.

My dad is still serving. My brothers are all free. None of them are on probation anymore. So all their crimes have been, I guess, served.

None of those experiences will make me bias in any case.

I'm not sure how to answer the victim one. The murder that my dad was charged with was for my mom. So I get pamphlets in the mail saying that I am a victim. But I was three years old when it happened, so I don't consider myself a victim in that situation.

I have been scammed and I was able to take my perpetrator to court and get my money back. And I've never

been a witness in any legal proceedings.

THE COURT: Thank you, Juror Number 43. And as with Juror Number 7, I appreciate very much your service to our country. What was -- or what is your MOS?

POTENTIAL JUROR: So I am logistics. In the Air Force it's called traffic management operator. So I pretty much run the warehouse.

THE COURT: Wonderful. Well, thank you. And sorry we had to ask you about all those things that have happened to you in your life.

POTENTIAL JUROR: It's okay. I'm -- I mean --

THE COURT: I appreciate your candor.

POTENTIAL JUROR: I'm 43, so I've been living with it for a while.

THE COURT: Very well.

POTENTIAL JUROR: Thank you.

COURTROOM DEPUTY CLERK: 44.

THE COURT: Counsel, we'll take a break in a few minutes.

Go ahead, 44. I'm sorry for interrupting you.

POTENTIAL JUROR: I'm 44.

I live in McDonough, Georgia. I've lived there the entire 22 years of my life.

I did go to school in Knoxville, Tennessee, so I was there for three-and-a-half years.

I'm not married.

I don't have kids.

I am employed at a nonprofit called Agape Family & Youth Center as a youth instructor with sixth-graders.

I've never served on a jury or a grand jury before.

Not served in the military.

I am a Christian.

I just graduated in December with a bachelor in psychology and a bachelor in bible and theology from Johnson University.

And then 11, 12 and 13 are all no.

THE COURT: Thank you.

COURTROOM DEPUTY CLERK: 45.

THE COURT: Good morning.

POTENTIAL JUROR: Good morning. I'm 45.

And I live in McDonough, Georgia, for the last 25 years.

I am married for 33 years. My wife does work outside the home. She works for a family business, which I've owned and -- it's a family business. And she does the payroll and stuff.

I have seven children, two stepchildren. And if you want the ages -- they're all out of the house.

THE COURT: Just give us a rough range.

POTENTIAL JUROR: Okay. I can do that easier. 35 to

43.

THE COURT: Okay. Thank you.

POTENTIAL JUROR: The oldest is a school teacher. The next runs the family business now because I'm retired. And then the next one owns Rockwell sushi restaurants. And the next one has a construction company building homes. And the next daughter has -- her and her husband have chicken farms and she also works for AT&T. And the next daughter works in forensics in New Orleans. And the last son works as a captain in Florida of small boats, a captain of small boats.

That was tough.

I'm not employed now. I am retired. I had a heart attack a couple years ago. My son runs the business, but I ran a family business all before that.

I've never served on a jury.

I've never served on a grand jury.

I've never been in the military.

I'm Baptist.

High school education.

My wife was charged with theft by taking about 25 years ago and was on probation for 12 months.

12 doesn't apply.

And 13, she had a close friend who committed murder and killed her husband, and she had to testify in that. The lady's still in jail. That was 25 years ago. And it wouldn't

make me bias.

THE COURT: All right. Thank you, Juror 45.

We'll just do one more, then we'll take a break.

Juror 46, go ahead.

POTENTIAL JUROR: I currently live in Cobb County. Previously I've lived in Johns Creek and Fulton County.

I am not married.

I don't have any children.

I am currently employed. I work two jobs. I work at First Watch as a line cook, and I also work as a set designer and a haunt actor for NETHERWORLD Haunted House.

I've never been selected to serve for a jury before. And I've never served in a grand jury.

No military experience.

No professional religious organizations.

I have completed a bachelor's degree in culinary sustainability and hospitality at Kennesaw State University. And I'm currently going through a Google certificate program for IT.

Number 11 does not apply.

And same with 12 and 13. But that would also make me biased (sic).

THE COURT: All right. Thank you.

We're going to take a break here in a moment, and I want to give you instructions before we do that.

Please don't talk about the case amongst yourselves or with anyone else. And don't let anyone talk about the case with you or around you.

Please don't discuss the questions that were asked during this process or any of the answers that were given. If you should see any of the folks seated at the tables here, the attorneys, the parties, their staff, et cetera, during a break, do not have any conversation with them at all. I know that seems like a bit much, but you might be taking about the Atlanta Hawks game and somebody else might hear you and think, oh, were they talking about the case. And then I'd have to look into it and it'd probably end up being a big waste of everybody's time. So just please don't do that.

Please do not do any research, electronic or otherwise, about this case. And please leave your juror card numbers there in the seat. Don't take those with you. We've had people take those before for some reason and then we have to re-laminate them and it's a hassle.

You know, it's actually -- it's coming up on 11:45. So the more I think about it, I'm just going to give everyone an early lunch and ask Jurors 12, 14, 15, 37 and then 47 through 52 to be back at 12:30. Everyone else could be back at 12:40 or so. I might not bring you back in just then, but hopefully close to that.

Okay? All right. You're released for a lunch break.

And, Counsel, if you'll also be back at 12:30, I would appreciate it.

(Recess taken at 11:41 a.m.)
