Change of Plea Hearing

Defendant present with Counsel. Defendant agrees to conduct plea hearing by Video Conference. The Court, after inquiry, will move forward with the video conference hearing finding that if the hearing was delayed, the result would be a serious delay of justice. The Defendant, both on the record and in writing, consents to proceed with the plea before the Magistrate Judge and waives the 14-day objection period. The Government also waives that period in writing.

Defendant sworn. Court advised defendant of rights, minimum/maximum penalties, elements of the offense and sentencing guidelines. Defendant entered a plea of guilty to all Counts of the Indictment without the benefit of a plea agreement. Proffer of facts by the Government. Factual basis established.

Court will recommend plea be accepted. Sentencing to be set by separate notice before the United States District Court Judge for an in-person hearing.

Defendant to remain out of custody on conditions of release pending sentencing hearing.
