In the words of a customer

“Without a shadow of a doubt, CLEAR is hands-down the best database we have. It's the most up-to-date, especially as it relates to cell phones and subscriber information.”

Jason Sloan
Sergeant, Detroit (MI) Police Department

“CLEAR is user-friendly and provides accurate and up-to-date information. Its ability to generate results from limited information is invaluable and results in the identification of many offenders. This allows the police department to more effectively do its job and keep the community safer.”

Cristina Fernandez
Springfield (MA) Police Department
