BATCH SERVICES FOR PUBLIC RECORDS

THOMSON REUTERS BATCH SERVICES

Need information on a large number of people or businesses at once?

Batch Services offers this capability giving you access to high-quality data from industry-leading sources.

TOP FEATURES AND BENEFITS

- **Cost & Time Savings** – Avoid looking for one person or business at a time by submitting one file with thousands of names, phone numbers, or other identifying information.
- **Accurate Data** – Obtain new data from proprietary and public sources to make informed decisions.
- **Advanced Search Logic** – Find results that are connected to your subjects despite limited search information.
- **Custom Solutions** – Focus your search results using our Custom Workflow solution which integrates content into your system and provides a waterfall search to make sure you don't miss crucial information.

BATCH ALERTS

Add-on Batch Alerts to receive notifications when information like new addresses or new phone numbers are found for your subjects.
