SERVICES TO BE PERFORMED:**1 .Urine Specimen Collection, DOT, split sample**

Quantity: 10 Male Donors: 10 Female Donors: 0 Account #: 339841008
Lab: MEDTOX Test Reason: Random Service Type: DOT

ADDITIONAL NOTES**The following needs your attention:**

If you do not have the specified chain of custody form available, please contact Anderson Kelly Associates immediately for instruction.

Please bring ten (10) extra kits and chain of custody forms to collection site in the event there are more donors than requested. Please plan to conduct the collection on the assigned date and time and not upon vessel arrival to port. Please inform Anderson Kelly Associates immediately if you are unable to board the vessel at the assigned date and time or of any other schedule changes.

Please test the entire crew of the vessel. Please obtain an updated crew list from the Captain to ensure that all crew-members are tested. Please refer to the additional instruction area printed on page two (2) of our work order regarding the distribution of paperwork.

Collector charges for specimens that cannot be processed and/ or cancelled due to collector error will not be paid.

ADDITIONAL INSTRUCTIONS

Please contact Anderson-Kelly Associates during the course of the collection process for instructions on any of the following situations:

1. Shy bladder onset.
2. Wait time.
3. Inability to obtain vessel access, vessel schedules, ETA, berthing information.
4. The need to conduct a direct observation collection, specimen temperature out of range, suspected tampering.
5. Changes to the services requested (e.g. addition of BAT, changing of the testing from DOT to non DOT) from someone other than Anderson-Kelly Associates.
6. Positive breath alcohol results on initial screening.
7. Lack of testing supplies.
8. Inability to test or locate all donors declared on the crew list.

Upon completion of the collection please call Anderson-Kelly at 973-446-2560 or 800-833-6676, regardless of the time.

Kindly submit, within 24 hours, or the next business day, the following documents to Anderson-Kelly Associates, via fax number 973-446-2615 or email sapp@andersonkelly.com:

1. 'Collector' copies of CCF forms. Each CCF must clearly list the vessel name and the collection site location under step 1, section G of the CCF.
2. Copy of BAT form, if applicable.
3. Collection summary report.
4. Collection procedure checklist.
5. BAT or non DOT UDS consent forms, if applicable.
6. Collection donor listing.
7. Ship's copy of crew list, if available.

For all U.S. based collectors: After the items listed have been successfully submitted to Anderson-Kelly Associates, please mail (U.S. Postal Service) the employer copies of the CCFS/ATFS (original documents), to the SAPP Group c/o Anderson-Kelly Associates. Anderson Kelly requests all samples obtained are shipped to laboratory within 24 hours or the next business day of collection completion. If the collector is unable to ship the samples to the laboratory by the next business day, Anderson Kelly requests that the specimens are kept refrigerated in a secure area until the shipment can be released to the courier or commercial delivery system. FAILURE TO COMPLY with any of the above instructions or to produce all required documentation in a legible and timely manner MAY RESULT IN NON-PAYMENT FOR SERVICES.
