On September 7, 2022, the defendant submitted a urine specimen that tested positive for marijuana. The specimen was confirmed positive by the national testing laboratory on September 20, 2022. Mr. Butler denies using any illegal substances since August 29, 2022, prior to his release on bond.

U.S. Probation Officer Action:

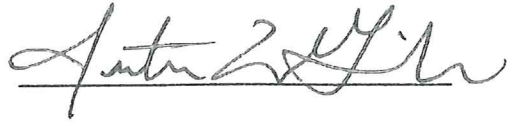

Mr. Butler is currently participating in random urine screening through the Court's contracted treatment provider located in St. Albans, West Virginia. It is noted, the defendant admitted using marijuana prior to his arrest for the instant offense and denies additional use of marijuana while on bond. The probation officer will closely monitor the defendant's urine screening results to assess and address any substance abuse risks or needs. Should he continue to submit positive urine specimens the probation officer plans to enroll the defendant in outpatient substance abuse counseling sessions. All future noncompliances will be reported to the Court.
