I just need the paperwork BUT what I'd really like is to finish what I'm doing. I'm barely in the fucking zone now! Barely! It takes me being in the right mindset to do this and it's nearly impossible with interruptions and negativity!!

Why are you so fucking stupid that you were still not understanding. I felt rejected without understanding. Why I felt rejected because you would not communicate to me. Last night in bed at the end of the weekend is when it all came out, have you just giving that to me earlier in the weekend? All of this could've been avoided all of this is escalated because you are fucking dumb.

I wasn't just trying to fuck you I was trying to interact with you and be sweet to you and hug you and be around you and the way that you pushed me away made me feel rejected, and I didn't understand why, because I honestly felt as if our relationship was not based on our bank account

Ms. Hallford apparently did not want to be intimate so Mr. Hallford calls her "dumb," says he feels "rejected," accuses her of only being with him for money, tells her "you are still my goddamm wife," calls her a "fucking cunt," twice threatens to leave with Ms. Hallford's step-son, and ends by calling her a "money whore."
