PROCEEDINGS OF: TELEPHONE CRIMINAL STATUS CONFERENCE

The case was called, and appearances were taken.

Defendant requests a 90-day continuance due to voluminous discovery and mental health issues.

The Government has no objection to the continuance request.

Defense expects the Defendant to plea. If the case goes to trial it is estimated to take 4-5 days.

The Court grants the motion to continue the trial to the March 2025 trial term with a **status conference set for February 11, 2025, at 9:30 a.m.** After considering all the factors, including those set forth in 18 U.S.C. § 3161(h)(7)(B), and for the reasons stated on the record and in the motion, the Court finds that the ends of justice served by granting such a continuance outweigh the best interest of the public and the defendant(s) in a speedy trial. The Court, therefore, determines that the time from today until and including March 31, 2025, shall be "excludable time" pursuant to 18 U.S.C. § 3161(h).

Defense shall file a waiver of speedy trial on the docket.

Court adjourned.
