No. 2:22-cr-76

JUDGE Green/wyric

Clerk, U. S. District Court
Eastern District of Tennessee
At Greeneville

INFORMATION

The United States Attorney for the Eastern District of Tennessee charges:

COUNT ONE

(Wire Fraud: 18 U.S.C. § 1343)

A. Background

1. At all times material to this information, the defendant, CHAD BRANDON THOMAS, was a resident of Blountville, Tennessee, in the Eastern District of Tennessee.
2. At all times material to this information, CHAD BRANDON THOMAS was the primary owner, or claimed to be the primary owner, of three small businesses, two of which were purportedly incorporated in Tennessee and all of which were headquartered in the Eastern District of Tennessee.
3. At all times material to this information, Chad Thomas Enterprises ("CTE") was incorporated with the State of Tennessee and listed its principal address in the Eastern District of Tennessee. At all times relevant to this information, CHAD BRANDON THOMAS was the owner and person with primary decision-making authority for CTE.
4. At all times material to this information, Kingdom of God, Inc. ("KOG") was incorporated with the State of Tennessee and listed its principal address in the Eastern District of Tennessee. At all times relevant to this information, CHAD BRANDON THOMAS was the owner and person with primary decision-making authority for KOG.

5. At all times material to this information, CHAD BRANDON THOMAS operated a purported sole proprietorship and did business under the name The Triangle Group (“TG”) in the Eastern District of Tennessee.

Paycheck Protection Program

6. The Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) is a federal law enacted in or around March 2020 and designed to provide emergency financial assistance to the millions of Americans who were suffering the economic effects of the COVID-19 pandemic. One source of relief provided by the CARES Act was the authorization of up to \$349 billion in forgivable loans to small businesses for job retention and certain other expenses, through a program referred to as the Paycheck Protection Program (“PPP”). In or around April 2020, Congress authorized over \$300 billion in additional PPP funding. The purpose of loans issued under the PPP was to enable small businesses suffering from the economic downturn to continue to pay salaries or wages to their employees.

7. The PPP was administered by the Small Business Administration (“SBA”), which promulgated regulations concerning eligibility for a PPP loan. Eligible businesses seeking a loan under the PPP could apply for such a loan through a federally insured depository institution.

8. To obtain a PPP loan, a qualifying business was required to submit a PPP loan application, which was signed by an authorized representative of the business. The PPP loan application required the business (through its authorized representative) to acknowledge the program rules and make certain affirmative certifications to be eligible to obtain the PPP loan. In the PPP loan application, the small business (through its authorized representative) was required to state, among other things, its average monthly payroll expenses and its number of employees. These figures were used to calculate the amount of money the small business was eligible to receive

under the PPP. In addition, businesses applying for a PPP loan were required to include documentation, such as tax forms or payroll listings, showing their payroll expenses and other information as part of the application.

9. A PPP loan application was required to be processed by a participating lender. If a PPP loan application was approved, the participating lender funded the PPP loan using its own monies, which were 100% guaranteed by the SBA. Data from the PPP loan application, including information about the borrower, the total amount of the loan, and the listed number of employees, was transmitted by the lender to the SBA in the course of processing the loan.

10. PPP loan recipients were required to use PPP loan proceeds on certain permissible expenses: payroll costs, interest on mortgages, rent, and utilities. The PPP allowed the interest and principal on the PPP loan to be entirely forgiven if the business spent the loan proceeds on these expense items within a designated period of time after receiving the proceeds and used a certain amount of the PPP loan proceeds on payroll expenses.

11. The proceeds of a PPP loan were not permitted to be used to purchase consumer goods, automobiles, personal residences, clothing, jewelry, to pay the borrower's personal federal income taxes, or to fund the borrower's ordinary day-to-day living expenses unrelated to the specified authorized expenses.

B. The Scheme

Beginning in or about May 2020 and continuing through inn or about July 2020, the defendant, CHAD BRANDON THOMAS, knowingly and willfully devised and intended to devise a scheme and artifice to defraud, and to obtain money and property, by means of materially false and fraudulent pretenses, representations, and promises.

C. Purpose and Object of the Scheme

It was the purpose and object of the scheme for CHAD BRANDON THOMAS to unjustly enrich himself and others by obtaining PPP loan proceeds under false and misleading pretenses, including by making false statements about the number of employees and historical payroll expenses of CTE, TG, and KOG.

D. Manner and Means

1. It was part of the scheme that defendant, CHAD BRANDON THOMAS, submitted electronic loan applications, or caused to be submitted electronic loan applications, for small businesses that purportedly employed persons and purportedly made monthly payroll expenditures, all for the purpose of obtaining loans that were intended for distressed small businesses as a result of the COVID-19 pandemic.

2. It was further part of the scheme that CHAD BRANDON THOMAS created fraudulent Internal Revenue Service (“IRS”) documents, including Forms 941, as well as monthly payroll listings, all containing false representations about the number of employees working CTE, TG, and KOG, as the case may be.

3. It was further part of the scheme that CHAD BRANDON THOMAS concealed and attempted to conceal the scheme by transferring loan proceeds among various bank accounts that he controlled.

E. Execution of the Scheme

On or about July 6, 2020, in the Eastern District of Tennessee, the defendant, CHAD BRANDON THOMAS, for the purpose of executing the scheme and artifice described above, transmitted or caused to be transmitted by means of wire communication in interstate commerce a writing, sign, or signal—that is, the electronic submission of a PPP loan application on behalf of

KOG—from CHAD BRANDON THOMAS's electronic device in Blountville, Tennessee, to the computer servers of CDC Small Business Finance located outside the state of Tennessee.

All in violation of 18 U.S.C. § 1343.
