

Hello Judge,

Thank you for taking this time to read my letter regarding my son Darrell Jamar Thomas. I wanted to let you know that although he is faced with his biggest challenge in his life we have always been there to support him. We may not know why these circumstances are present now but we assure you that we are still supportive of him in doing the right thing and correcting any wrong ideas that have crept into his life. We are Christians and Darrell comes from a suburban middle-class family. I can assure you that we will work with him to put him on the right path. I am a former Corrections Officer and I have been around working in the Penal system for many years and I have seen persons rehabilitated and I have seen persons that have not been rehabilitated by the system. I want to continue to offer my support however I can. I know this is a big decision that has to be made regarding my Son's future but I am asking that you please allow us to train and continue to support Darrell in an opportunity to redeem himself. Darrell has good qualities and have aided many people in the community ever since he was eight years old. He has been a great asset to me. During this time I am currently undergoing cardiac and kidney failure. I am also undergoing cervical lumbar and thoracic injury and about to endure my fourth surgery. While this is going on his help is really needed and would be appreciated because my health is declining rapidly. I would really love to see my son. We have deep respect for the Legal System and the Law and believe me we would do everything that we are told to do to get our Son home. The Thomas family ask sincerely that you please show him mercy.

Thank You, Judge

Alexander Thomas

Dear Judge

Hello my name is Brett Thomas, 2nd born son of Darrell Thomas. He was a great father to me and my brother, as well as a great husband, brother, and son. I know dad knows what he did is wrong and is accountable for his actions, but he has a lot of family at home including his newborn son. My father is a hard working, selfless man who valued the lives of others before his. I know this may be a big ask but please don't make my dad sentence long, so he can come back and reunite with the family and make more memories with my little brother.

Sincerely- Brett Thomas

Dear Judge

Hello my name is Caleb Bridges 1st born son of Darrell Thomas he is a great father to me and my brother and for the short time he had with my youngest brother he really enjoyed his time. He also has a wife that misses him very much and even thinks about the old things they used to do together like listening to music in the car, or having fun watching a comedy TV show. She remembers all of it and wants to re-experience it, just like the rest of the family does and our youngest brother Dominic Thomas will have the chance to make new memories.

Sincerely- Caleb Thomas
