Notice of Transition from Beneficiary to Heir
Notice of an Internationally Protected Person (IPP)

I am no longer a beneficiary. I am now the true heir to the kingdom. I came into the world sovereign by the grace of God with all of the rights of a king with a divine right of dominion over my own kingdom granted by God in Genesis 1:26. Until now, my inheritance has been administrated under Christ's New Covenant, a trust established when Jesus gave Peter the keys to the kingdom as described in Matthew.

> My mother, while still recovering from the rigors of childbirth and believing she was required to do so, filed an application for a Certificate of Live Birth. Based on mom's testimony, as an informant, I have been transformed from an heir to a beneficiary, my name entered into the Book of the Dead. Although I was still living, I had been transported to the graveyard of commerce well beyond the Father's Kingdom.
>
> As a beneficiary I am forced to apply for a license, complete with fines, fees and taxes, for the enjoyment of my sovereign rights. The trustees have placed their own private script/money between me and my divine inheritance forcing me to expend my life energy just to survive thereby diverting me from my divine purpose here on earth.
>
> As a beneficiary I am unable to handle my own affairs as the trustee(s) have full control over my inheritance. I have no protection and I am unable to defend my personal and property rights as there is no remedy in the courts of law. The trustees have forced me to live in poverty unable to provide for my very basic survival needs having separated me from my divine inheritance of abundance and prosperity.

Today I am no longer a beneficiary. I am the true heir to the kingdom having fulfilled the terms and conditions set forth in Christ's New Covenant, the law of the trust, to accept and surrender Christ's New Covenant to facilitate the merger and union in the Father's Estate.

Please take notice that the change in my status from beneficiary to heir changes your fiduciary duties and responsibilities concerning an heir to the kingdom.

As an heir to the kingdom I am one of the Private People with all of the protections and restrictions against trespass of private right and property as set forth in the Geneva Convention and the laws of war and occupation.

My surrendered 'PERSON', and any derivative, is now an Internationally Protected Person (IPP), under the Geneva Convention and is protected from all charges, seizures, arrests and/or civil executions. Any adverse action taken against a surrendered PERSON or the Private People constitutes a war crime.

Official Surrender

Commander-in-Chief,

I am Daniel Eric of the family Jay, heir. I come to you, Donald John Trump, the Commander-in-Chief of the Army and Navy, in the name of and under the authority of Jesus Christ, my signet and seal. I do hereby ***'surrender for collection'*** the enclosed **PERSON** in accordance with Christ's New Covenant, the laws of war, laws of Belligerent Occupation, the Geneva Convention and Additional Protocols, trust law and the equitable principles of reversion and merger of estates.

I have included;

- evidence of the legal publication of an unregistered claim *(Certified on August 20th, 2020)*
- evidence of the acceptance *(Trust Indenture)*
- evidence of perfection of title *(Notice of Claim)*

all of which establish that there are no bona fides and that I alone hold the superior claim. The enclosed copy of my Notice of Claim is fulfillment of the Conditions precedent as set forth in 50 USC ch 53 § 4309.

An occupying party which "takes" surrender is not required to go out to receive surrender; instead, the party offering surrender has to come forward and submit to the control of the enemy forces. Additional Protocol II, states that "it is prohibited to order that there shall be no survivors" suggesting that an Occupying party cannot refuse to take a surrender.

I am waving the white flag with full intent to surrender, yet the question remains as to how to surrender when the occupying force cannot see the PERSON's hands in the air waving a white flag? How does one get beyond the occupant's blind justice, non-stop charges and civil executions to surrender? I am NOT a retreating combatant. I have come forward and by my own free will act and deed do hereby surrender, submit and convey authority over the PERSON, and its derivatives, to your control via the United States Post Office – Registered Mail Service (USPO-RMS). The USPO-RMS creates a Registered Private Contract and shall serve as proof of delivery and my receipt. My tender to the USPO as lawful payment of the agreed postage constitutes ***delivery*** in accordance with the well established ***Mailbox rule***.

My PERSON is now in your hands.

This surrendered PERSON is no longer participating in hostilities, by choice or circumstance, and is a ***hors de combat*** and an ***Internationally Protected Person*** in accordance with the ***Geneva Convention IV and the Additional Protocols*** under the following specific categories:

> This PERSON, having been created when I was a mere five (5) days old, has since been under the authority of the Occupying Power of an adverse party. At no time has either this PERSON nor I been a national, subsequently being stateless and deprived of and/or not having diplomatic, political or military protection. Article 4(2),[1] of the Convention intends to protect civilians (in enemy territory, occupied territory or the combat zone) who do not have the nationality of the belligerent in whose hands they find themselves, or who are stateless persons.

An Internationally Protected Person is:

(i) Anyone who is in the power of an adverse party. It is uncontested that a person who is in the power of an adverse party is hors de combat. This rule is set forth in Additional Protocol I and is implicit in common Article 3 of the Geneva Conventions and in Additional Protocol II;
(iii) Anyone who clearly indicates an intention to surrender. This category is based on the Hague Regulations, common Article 3 of the Geneva Conventions and Additional Protocol I.

The prohibition on attacking persons recognized as hors de combat is set forth in numerous military manuals. Such attacks are defined as a war crime in the legislation of a number of States and is applied in national and international law. The rule is based on common Article 3 of the Geneva Conventions, which prohibits "violence to life and person, in particular murder of all kinds" against persons placed hors de combat. This prohibition includes any/all civil charges and/or 'executions' ordered and/or carried out against my PERSON by the courts.

You shall immediately flag my PERSON's account in your data system to reflect their status as an Internationally Protected Person in order to ensure that your officers, officials, agents and/or employees do not commit the *prohibited acts* against me or my PERSON. Further, you shall provide me and PERSON protection, akin to the diplomatic protection afforded a foreign official or official guest. Additionally, to limit your liability and prevent irreparable harm, documentation should be provided that will facilitate my free and unmolested travel/movement in, out and through the occupied territory.

My PERSON have been surrendered for collections in the nature of an *action for reversion*. There is no discretion in a surrender for collections, but is executed by the operation of law charging a mandatory obligation to merge the lesser estate into the greater to facilitate the distribution of assets to the heir. The full authority over these PERSON has been conveyed to you along with the surrender providing you the authority necessary to carry out the required administrative duties to affect the merger.

The estate deed shall be immediately forwarded to the proper office/officer with instructions to administrate the estate for settlement and disbursement of the assets to this heir forthwith. Further, a periodic report will keep me abreast of all scheduled actions and their completion to verify compliance of the directives herein.

It is done in the name of and under the authority of Jesus Christ this the Twenty-Eighth day of August, *anno Domini* Two Thousand and Twenty.
