Dear Judge Cohen,

My name is Scott Johnson and I'm writing on behalf of my brother-in-law Dan Joly. I have personally known Dan for most of his life, as I was introduced to his family when he was a young boy.

Dan was a very fun kid to be around, who loved sports, and could remember many facts and stats of various professional athletes!

He loved collecting baseball cards and playing backyard ball. I spent many of summer days pitching balls to Danny and his neighborhood friends!

Dan was a very charismatic person even at a young age as he could draw a laugh from any adult who was present in the room.

I would later go on to marry his middle sister Amy and be blessed to raise three children with her.

My three children, all adults now really adored their uncle, while growing up! Dan was a fun loving person toward them and they looked forward to seeing him at Birthday Parties, Holidays and various gatherings.

Dan was always kind hearted toward his nieces and nephews and affectionate toward his family and friends, as he would later go on to caring and assisting my Father-in-law during his last year on earth.

I hope that this letter sheds a light on Dan's life and I personally want to Thank You for considering my thoughts.

Sincerely,

Scott Johnson
