

9-18-2022

Your Honor :

Let me introduce myself, My name is Belinda McCampbell. I am a 65 year old mother to 2 boys and grandmother to 4 grandchildren.

My dear husband, Gary McCampbell, passed away 9-8-2021. He died a terrible, lingering death due to Covid 19.

Gary was an avid antique car buff. He retired from the federal government from the Y-12 plant in Oak Ridge. He was well respected in his community and outlying areas. Gary was always quick to go to the aid of anyone in need. With his quick wit and personality he is missed by many. Our family has been devastated by his passing.

Gary considered George Thacker a friend. This is one of many reasons I am outraged that George tried to make a quick buck from stealing Covid relief funds. Not only did he steal from you and me he did it thru the suffering of others.

I respectfully request you give George Thacker the maximum penalty allowed under the law. Evidently the crime was so flagrant he could not even defend it and pled guilty.

I want to say that I am not a malicious person. God did not pat people on the head and say I know you are sorry you got caught, they paid the

Consequences.
