MOTION REQUESTING EXTENSION OF TIME TO PRESENT EVIDENCE

Comes now petitioner Gladys Harun in Pro se requesting this honorable court to submit more evidence later in support for her motion 2255.

Due to mail handling and restrictions in the prison, petitioner was not able to receive or keep all her documents in her prison locker and submit with the motion. There was a campus wide cube inspection for the prison and inmates were not allowed to have much paperwork in their lockers. Petitioner was allowed to have some of the paperwork and have submitted it with the 2255 motion. Prison officials rejected a package for her and told her she cannot have more paperwork in her locker for compliance. Petitioner has no choice than to submit her evidence later. Petitioner requests for more time so she can work a resolution with the prison mail delivery office.

Petitioner need these documents because they have been referenced in her motion. Petitioner requests to be allowed to submit the following at a later date.

1. The remaining payroll documents (including paystubs)
2. clock in hours for employees
3. Transaction details for her business

4. Her business tax returns
5. Remaining bank statements
6. remaining affidavits from family and employees
7. other business record like bills etc

Petitioner asks the court for a 60 days extension to
supplement her filing with the missing evidence once she get it.

respectfully submitted
