Re: Request for Permission to Travel Internationally and Temporary Release of Passport

Dear Judge Bowen,

I respectfully submit this request seeking permission to travel to Kenya for approximately two weeks and for the temporary release of my passport to facilitate this travel.

I am currently serving a term of federal probation and have worked diligently to comply with all conditions imposed by the Court. Throughout my period of supervision, I have remained compliant with reporting requirements and other obligations. I have also discussed this travel request with my probation officer and remain committed to continuing my compliance with all conditions of supervision.

I am a 46-year-old mother of six children and originally from Kenya. I am requesting permission to travel to Kenya to visit a close relative who is currently experiencing serious health challenges. In addition, this trip would allow me to reconnect with family members whom I have not seen for an extended period and attend to important personal and family matters that require my presence.

I respectfully assure the Court that this would be a temporary trip of approximately two weeks. I fully intend to return to the United States at the conclusion of my visit and continue complying with all terms and conditions of my probation. My home, family responsibilities, and future plans remain in the United States, and I remain committed to fulfilling all obligations imposed by the Court.

I am grateful for the opportunity the Court has given me to move forward positively, and I respectfully request consideration of this travel request and the temporary release of my passport for this purpose. If approved, I will provide my travel itinerary, contact information, and any additional documentation requested by the Court or the United States Probation Office.

Thank you for your time and consideration of this request.

Respectfully submitted,

Gladys Harun
