D'Arsey –

I just got these emails that I believe are from your client – David Hines. Since he's represented, could you ask him not to reach out directly to me?

Separately, we would like to schedule Dr. Silverman's evaluation this week. Is there a good time we could arrange for him to meet with your client?

Thanks,

I will plead guilty to everything. Please just let me off house arrest until my sentencing. Please. Forget about the public defenders office. Just communicate with me directly. I'm a person for God's sake. Where is the humanity
