Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

The Office of the Governor does not use facial recognition technology and currently has no plans to use it in the future.

There is no fiscal impact related to the Office of the Governor in this version of the bill.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

The engrossed substitute of this legislation does not change the fiscal impact to the Washington State Patrol (WSP) as stated in the first version.

There will be no fiscal impact to the WSP as we do not currently have facial recognition services and are not pursuing this technology at this time.

Section 11 creates a task force on facial recognition services. The task force will address how to facilitate use of facial recognition services, and recommend how to address potential abuses and threats of civil liberties and freedoms, privacy and security, and discrimination. The findings and recommendations will be reported to the governor and appropriate committees by September 30, 2021. The task force will absolve May 1, 2022.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

None.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

It is unknown if the WSP will be part of the task force as created in Section 11. If the WSP is asked to be part of the task force, the Chief will be appointed. Assuming the task force meets once a month starting July 2020 thru September 2021 (14 meetings), each meeting lasts one hour each, and the Chief's fiscal year 2021 hourly rate is an estimated $120, then this will be an estimated $1,680. This can be absorbed in current resources.
