Committee/Subcommittee hearing bill: Professions & Public Health Subcommittee

Representative Snyder offered the following:

Amendment (with title amendment)

Between lines 14 and 15, insert:

Section 1. Subsection (7) of section 400.506, Florida Statutes, is amended to read:

400.506 Licensure of nurse registries; requirements; penalties.—

(7) A person who is referred by a nurse registry for contract in private residences and who is not a nurse licensed under part I of chapter 464 may perform only those services or care to clients that the person has been certified to perform or trained to perform as required by law or rules of the Agency for Health Care Administration or the Department of Business and

Professional Regulation. Providing services beyond the scope authorized under this subsection constitutes the unauthorized practice of medicine or a violation of the Nurse Practice Act and is punishable as provided under chapter 458, chapter 459, or part I of chapter 464. If a licensed nurse registry authorizes a registered nurse to delegate tasks, including medication administration, to a certified nursing assistant pursuant to chapter 464 or to a home health aide pursuant to s. 400.490, the licensed nurse registry must ensure that such delegation meets the requirements of this chapter and chapter 464 and the rules adopted thereunder.

T I T L E A M E N D M E N T

Remove line 3 and insert:

prescription medications; amending s. 400.464, F.S.; requiring a licensed nurse registry that authorizes a registered nurse to delegate tasks to a certified nursing assistant or a home health aide to ensure that certain requirements are met; amending s. 464.0156, F.S.;

Committee/Subcommittee hearing bill: Professions & Public Health Subcommittee

Representative Silvers offered the following:

Amendment

Remove lines 30-90 and insert:

483.912 Legislative findings and intent.—The sole legislative purpose for enacting this part is to ensure that every genetic counselor practicing in this state meets minimum requirements for safe practice. The Legislature finds that the delivery of genetic counseling services by unskilled and incompetent persons presents a danger to public health and safety. Because it is difficult for the public to make informed choices related to genetic counseling services and since the consequences of uninformed choices can seriously endanger public health and safety, it is the intent of the Legislature to

prohibit the delivery of genetic counseling services by persons who are determined to possess less than minimum competencies or who otherwise present a danger to the public.

483.913 Definitions.—As used in this part, the term:

(1) "Department" means the Department of Health.

(2) "Genetic counselor" means a person licensed under this part to practice genetic counseling.

(3) "Scope of practice of genetic counseling" means the process of advising an individual or a family affected by or at risk of genetic disorders, including:

(a) Obtaining and evaluating individual and family medical histories to determine risk for genetic or medical conditions and diseases in an individual, his or her offspring, and other family members.

(b) Discussing the clinical features, family history, means of diagnosis, genetic and environmental factors, and management of risk for genetic or medical conditions and diseases.

(c) Identifying, ordering, and coordinating genetic laboratory tests and other diagnostic studies as appropriate for the genetic assessment.

(d) Integrating genetic laboratory test results and other diagnostic studies with individual and family medical histories to assess and communicate risk factors for genetic or medical conditions and diseases.

(e) Explaining the clinical implications of genetic laboratory tests and other diagnostic studies and the results.

(f) Evaluating the individual's or the family's responses to the condition or risk of recurrence and provide client-centered counseling and anticipatory guidance.

(g) Identifying and utilizing community resources that provide medical, educational, financial, and psychosocial support and advocacy.

(h) Providing written documentation of medical, genetic, and counseling information for individuals, families, and health care professionals.

(i) Referring individuals to a physician for diagnosis and treatment.

483.914 Licensure requirements.—

(1) A person desiring to be licensed as a genetic counselor under this part must apply to the department on a form approved by the department.

(2) The department shall issue a license, valid for a period of 2 years after the date of issuance, to each applicant who:

(a) Has completed an application.

(b) Is of good moral character.

(c) Provides satisfactory documentation of having earned:

1. A master's degree from a genetic counseling training program or an equivalent program as determined by the

Accreditation Council of Genetic Counseling or its successor or equivalent; or

2. A doctoral degree from a medical genetics training program accredited by the American Board of Medical Genetics and Genomics or the Canadian College of Medical Geneticists.

(d) Has passed the examination for certification as:

1. A genetic counselor by the American Board of Genetic Counseling, Inc., the American Board of Medical Genetics and Genomics, or the Canadian Association of Genetic Counsellors; or

2. A medical or clinical geneticist by the American Board of Medical Genetics and Genomics or the Canadian College of Medical Geneticists.

(3) The department may issue a temporary license for up to 2 years to an applicant who meets all of the requirements for licensure except for the examination requirement in this section and is eligible to sit for the next available certification examination.
