Hey Gula! Yeah absolutely. I'm in a Corona Virus tube tomorrow from 9:30a to 1:30 P EST. I can talk in the morning if that works for you or when I land. Either way I would definitely like to connect ASAP. I literally have a list of ~8,000 contacts of Directors, exec suite, and C-suite for small to large healthcare companies. We could hit them via email very quickly. I also have a strategy in mind to blow up the awareness and expand access incredibly quickly. A board member of a healthcare company I work with is tight with both the President's inner circle on the med side as well as the CDC Director. He also sits on the board of a significant health system as well. I also had an international request for masks come across my desk. They would also be perfect to connect with for testing kits.

A LOT to unpack here and look forward to discussing it with you.

What time works for you and is your cell still 202-255-9745?

/Chad
