Mar 22, 2020 7:44:10 PM	Sent	Hi Michael just left you a VM. It's John Thomas with blueflame medical. We have direct from our manufacturers whatever covid supplies you need and can get them to you quickly. I'm available 24/7. When is a good time to talk? Thanks!
Mar 22, 2020 8:24:42 PM	Received	Hi John, are they domestic or overseas?
Mar 22, 2020 8:25:34 PM	Sent	I have both but most are overseas.
Mar 22, 2020 8:27:36 PM	Received	Do you have N95 masks? And if so, are the manufacturers requiring 100% prepayment?
Mar 22, 2020 8:32:30 PM	Sent	Yes I have loads of n95 masks. Yes everyone requires pre payment BUT you have 48 hours to inspect and reject and we'll refund you back 100%. I do have a supplier who can get you a shipment in 3 days. Shipping is going to get jammed up so I really need to place orders asap.
Mar 22, 2020 8:32:44 PM	Sent	We also have covid kits, and nearly everything else you might want.
Mar 22, 2020 8:37:43 PM	Received	Ok, I'll have to figure out the prepayment issue, but let's reconvene tomorrow morning
Mar 22, 2020 8:51:54 PM	Sent	Ok sounds great! We can supply you anything you need at the best prices, speed and capacity I promise.
Mar 22, 2020 8:52:16 PM	Sent	I'm just getting worries about shipping delays if we wait to order. But if I can get stuff out and in the pipeline to you it won't be a problem

Mar 22, 2020 8:53:51 PM	Sent	What time should I call you tomorrow?
Mar 22, 2020 9:08:18 PM	Received	I'll try to call you around 8 or so
Mar 22, 2020 9:08:41 PM	Sent	Ok perfect. looking forward to it.
Mar 22, 2020 10:58:59 PM	Sent	Michael, can't oes or the Controller find a way to authorize pre-payment in an emergency? Anyway sorry for the late msg. Looking forward to speaking with you soon.
Mar 23, 2020 6:57:06 AM	Received	We're researching alternative options but it's hard to circumvent the law
Mar 23, 2020 8:22:28 AM	Sent	Right that little thing.
Mar 23, 2020 9:54:23 AM	Sent	Just found out the controller can cut checks up front for prepayment! We can now do our part and get you the supplies!
Mar 23, 2020 10:26:51 AM	Sent	Just a friendly ping. If you can give me a sense of how many units of what and by when I'll start getting things setup for when you call now that prepayment isn't an issue
Mar 23, 2020 4:31:12 PM	Sent	😊 hey we just got kid n95's in stock. Pretty cool. Also hand sanitizer by the swimming pool ready to truck out here in California. Kind of fun.
Mar 23, 2020 4:37:08 PM	Received	Ok, I'm still working on the payment issues. Can you email me product lists with quantities and specification sheets? Michael.Wong@dgs.ca.gov

Mar 23, 2020 4:41:18 PM	Sent	Yes np.
Mar 23, 2020 6:46:26 PM	Sent	Just sent over our sales sheet!
Mar 23, 2020 9:50:03 PM	Sent	Hey Michael just sent a reply. Urgent though, my lead supplier said he's about to pre sell 100 mil of his n95's to the UK. I want us to lock it down. For this I can take a deposit to hold the production inventory and send it to Calif over time.
Mar 23, 2020 9:54:36 PM	Received	I can't prepay for 100M masks
Mar 23, 2020 9:55:20 PM	Sent	I can take a small partial deposit
Mar 23, 2020 9:56:04 PM	Sent	If that's too large of an order just let me know what you think you might need or so a standing open po and I'll make sure that's filled
Mar 23, 2020 9:56:38 PM	Sent	I do have lots of other manufacturers but this one that messages me is fantastic so I just wanted to make sure you knew his stuff was about to leave.
Mar 23, 2020 9:57:30 PM	Received	How much partial deposit? I need to have each manufacturer vetted before we can execute
Mar 23, 2020 10:47:35 PM	Sent	That's fine. 10- 15% for a large order depending on the manufacturer. These are well established manufacturers.
Mar 23, 2020 10:49:38 PM	Received	I would like to see specification and certification sheets for the product and proposed payment terms
Mar 23, 2020 10:50:02 PM	Sent	Ok got it. I'll have to you no later than the morning unless you guys think you can move tonight?

Mar 23, 2020 10:50:21 PM	Received	Morning is fine
Mar 23, 2020 10:50:39 PM	Sent	Thanks. Not a problem.
Mar 23, 2020 11:00:33 PM	Sent	You guys can also do a small test order too before the big one.
Mar 24, 2020 3:01:47 PM	Received	Quick question: is payment made to your company or overseas?
Mar 24, 2020 3:02:23 PM	Sent	My company cages the \$. I then pay the manufacturer, shipping, customs specialist etc.
Mar 24, 2020 3:02:48 PM	Received	And your company is based in the US?
Mar 24, 2020 3:03:01 PM	Sent	Yep! And I live in Pasadena
Mar 24, 2020 3:03:32 PM	Sent	Also if it helps, my preferred manufacturer for this state is a Chinese American citizen. He lives in Pasadena too and Ive known him for years.
Mar 24, 2020 3:04:44 PM	Sent	Henry is stuck in china because they have everyone locked down but he really wants to bring his supplies here!
Mar 24, 2020 3:05:09 PM	Sent	But like I said even if Henry's product gets taken up I plenty of other manufacturers to work with.
Mar 24, 2020 3:05:47 PM	Received	What volume of the DTC 3B, DTX 3X, L-288, and SEKURA-321 model masks can you ship immediately?

Mar 24, 2020 3:08:51 PM	Sent	Hang on let me check my multiple manufacturers but I know my favorite one, Henry can get you 2 million out the door and to you within 8 days. He can deliver you 25 million a month. But I have much bigger capacity than that. I'll huddle with my team and crunch the math super fast.
Mar 24, 2020 3:09:24 PM	Sent	Do you anticipate me needing to put together more than 100mil this month? Just need a sense of how many manufacturers I need to cobble together.
Mar 24, 2020 3:11:59 PM	Received	Initially let's shoot for 100M
Mar 24, 2020 3:15:36 PM	Sent	Ok stand by!
Mar 25, 2020 7:59:45 AM	Sent	Morning Michael, looking forward to closing this first transaction this morning. Let me know you want to take the next steps for the masks. Appreciate all your help.
Mar 25, 2020 10:35:27 AM	Sent	Hi Michael, sorry to be annoying but I've got Everything ready on my side and the inventory set aside but we've got to put this deal to bed so I can get them moving and lock in my prices. Anything I can do to help speed things up on your side?
Mar 25, 2020 11:03:15 AM	Received	Working with finance
Mar 25, 2020 11:03:56 AM	Sent	I see ok. Thanks. Not to rush BUT I literally have my inventory locked and cannot hold it for much longer without giving them \$.
Mar 25, 2020 11:20:56 AM	Received	How do you want the advance payment?

Mar 25, 2020 11:21:16 AM	Sent	Via wire transfer is best.
Mar 25, 2020 11:22:29 AM	Sent	Also my principal place of business is in Glendale California. If it makes it easier for the state to know they are doing biz with a team that's based in California.
Mar 25, 2020 11:27:47 AM	Received	Ok working finance mechanisms
Mar 25, 2020 11:29:15 AM	Sent	Hey I'm going to be stuck on call with another client who we are closing a large order with for the next hour. But you and I need to close this deal. So I'm going to copy you with my corporate counsel Ethan Bearman who can help facilitate anything you need in the meantime.
Mar 25, 2020 11:33:33 AM	Received	What's the total order amount and the amount due now?
Mar 25, 2020 12:19:24 PM	Sent	Michael, ok I'm back on the grid. Ethan just briefed me. Great news on having the state handle much of the shipping. Can we get the initial wire transfer done before the cut off today so that I can lock down the inventory pipeline for you. We can sort out the logistics of shipping throughout the rest of today and tomorrow. Make sense?
Mar 25, 2020 12:20:14 PM	Received	Waiting for final approvals for the wire transfer
Mar 25, 2020 12:21:10 PM	Sent	Understood. We are all on standby....thank you. Can you confirm you received our wire transfer information? I just want to make sure you have everything you need.
Mar 25, 2020 12:21:54 PM	Received	Yes I have it

Mar 25, 2020 12:22:42 PM	Sent	Great! Not to ramp up pressure but literally minutes matter on me being able to lock down this inventory. Thank you again for moving so quickly.
