I'm thinking there is a monster market for airlines to have their logo and everyone who walks on a plane gets a pouch with their logo. Could be a killer \$\$\$ maker for you
Received Sender: 2022559745	03/16/2020 10:07:28 PM	Mike Gula, Henry Huang (2022559745, +16265892111)	American Airlines and delta will be all over this. Let mike Jensen know in price point for mass production on pouches and what's in them. We can move them.

Sent	03/31/2020 7:15:37 PM	Mike Gula, Henry Huang (2022559745, +16265892111)	Also is it possible to take a few factory pictures and pics of the products in the boxes with a newspaper or something? Because no product has landed many of our buyers are questioning whether not the product actually exists. Ideally they want someone here in the states to snap a pic with the product but I know that's impossible to prove UNLESS you happen to have some.invrntory with a customer out here that can send us a simple pic. This is very important because so many buyers are getting antsy about fake sellers
