Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

No fiscal impact. This legislation is not expected to generate any costs or savings for the Attorney General's Office (AGO). The AGO completed an analysis for legal services and fiscal impact from the most likely state agencies.

The AGO Labor and Industries Division (LNI) has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing the Department of Labor & Industries (L&I) because, similar to commentary from other divisions/agencies, the current form of the bill limits the scope to Department of Licensing (DOL) or DOL-supported licenses. L&I does not have any licensing that falls in this category, so the need for legal services is expected to be minimal. In abundance of caution, there may be occasional conversations around the presence of absence of a DOL license when a person is applying for an L&I license. New legal services are nominal and costs are not included in this request.

The AGO Licensing and Administrative Law Division (LAL) has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing the DOL because, it does not add any additional responsibilities otherwise imposed by passage of HB 1399, which became effective January 13, 2022. The agency will likely need advice regarding the proposed amendments to the criteria for examining a preliminary application and the proposed amendments to what the written determination. New legal services are nominal and costs are not included in this request.

The AGO LAL Division has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing the Board of Registration of Professional Engineers and Land Surveyors (BRPELS) because, BRPELS already follows the criteria in the proposed bill in its licensing determinations. The amendments to chapter 18.400 in this bill would not change BRPELS current practice or procedure. BRPELS staff and practice committee would make determinations under this bill on a case by case basis. New legal services are nominal and costs are not included in this request.

The AGO Criminal Justice Division (CRJ) has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing the Criminal Justice Training Center (CJTC). This bill requires licensing authorities to review specific details about an applicant's criminal offense, conviction, and sentencing before determining whether or not the conviction would disqualify the applicant from licensure or certification. Previously, the applicant was allowed to provide such information, but the licensing authority did not have any affirmative duty to seek out and /or review it.

The CJTC already does extensive background checks on people applying for certification to be law enforcement officers. Thus, it is unlikely that this bill would increase requests for advice from CRJ.

The AGO Social and Health Olympia Division (SHO) has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing the Department of Social and Health Services (DSHS), Health Care Authority (HCA) and Department of Children, Youth and Families (DCYF) because, "only licenses, certifications, or recognitions administered by the department of licensing or a board or commission with the support of the department of licensing are eligible for a determination under this section." See RCW 18.400.020. DSHS, HCA, and DCYF do not license anyone that would be affected by the bill, so they won't need any additional legal services related to this bill.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates . Distinguish between one time and ongoing functions .

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

Section 1 of this bill would clarify the process by which licensing agencies make a determination as to whether an individual's prior criminal conviction would disqualify them from professional licensure.

Section 2 of the bill would add that professional licensing agencies would not be allowed to disqualify an individual based on a conviction that has been sealed, dismissed, expunged, or pardoned; or a juvenile adjudication.

This bill would not impact BRPELS' costs or revenues because BRPELS only prohibits individuals from obtaining a license when the conviction relates to the applicable profession, as permitted by RCW 18.400.030. Nothing in this bill would affect the licensing application process for licenses issued by BRPELS.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

This bill amends RCW 18.400.020 and 18.400.030, related to reducing barriers to professional licensure for individuals with previous arrests or criminal convictions.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

This bill is specific to the licenses regulated by the Department of Licensing. This bill does not have fiscal impact for the Department of Labor and Industries.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

There will be no fiscal impact to DOL if this bill is passed to create new requirements for licensing authorities to consider when making a determination whether an individual would be disqualified from a professional license due to a previous criminal conviction. This bill also creates new requirements to be included in the written determination and prohibits an individual from being disqualified based on sealed convictions or juvenile adjudications, neither of which will impact DOL.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

This bill will have no impact on the Department of Social and Health Services (DSHS) workload or clients served. Therefore, there is no fiscal impact to DSHS from this bill.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

This bill outlines factors which the appropriate licensing authority must take into consideration when determining if an applicant's criminal conviction would disqualify the them from obtaining the license or certification for which they are applying and requires the licensing authority to provide a written decision including the factors considered in making the determination and the earliest date on which the applicant can reapply. Additionally, this bill prohibits a licensing authority from disqualifying an applicant based on a conviction that has been sealed, vacated or dismissed, or based on a juvenile adjudication.

For the purpose of this fiscal note, the Department of Health (department) estimates the staff costs to be minimal. Existing staff will conduct work required to implement this bill within their normal workload. Therefore, no fiscal impact to the department.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

Current law, RCW 43.70.250 (License fees for professions, occupations, and businesses), requires the department to charge a fee to generate sufficient revenue to fully support the costs of administering its programs. Programs must be fully self-supporting and sufficient revenue must be collected through fee increases to fund expenditures. At this time, the department believes costs associated with this bill will be minimal and therefore will utilize its current fund balance. Depending on the impact of this and other new legislation, the programs current fee may not be sufficient and a fee increases may be required in the future. The department will monitor the fund over a 6-year period and will adjust fees as needed to ensure that the fees are sufficient to cover all program expenses.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

This bill targets individuals required to be licensed under Title 18 RCW and amends RCW 18.400.020 and 18.400.030 by expanding the criteria used by licensing entities when considering individuals for licensure with criminal convictions.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

None.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

No fiscal impact. The Department of Children, Youth and Families does not directly issue licenses to any of the professions under Title 18 RCW.
