Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

CURRENT LAW:
Community Preservation and Development Authorities (CPDAs) are created to restore or enhance the health, safety, and economic well-being of communities adversely impacted by the construction of, or ongoing operation of, multiple major public facilities, public works, and capital projects with significant public funding or by other land use decisions.

CPDAs must demonstrate ongoing accountability for their actions by:
- Reporting to the appropriate committees of the legislature, one year after formation and every biennium thereafter, on the authority's strategic plan, activities, accomplishments, and any recommendations for statutory changes.
- Reporting any changes in the authority's geographic boundaries to the appropriate committees of the legislature when the Legislature next convenes in regular session.

The CPDA Account comprises two subaccounts, one for money to be appropriated for operating purposes and the other for money to be appropriated for capital purposes. Money in the account may be spent only after appropriation.

PROPOSAL:
This bill requires 30% of the state retail sales and use taxes revenue from sales and use occurring at qualified facilities to be deposited into the CPDA Account beginning January 1, 2026.

By November 1 and May 1 each year, the Department of Revenue (department) must calculate the amount of sales and use taxes collected as the result of retail sales at a “qualified facility” during the previous six months and notify the State Treasurer of the amount by December 1 and June 1. The State Treasurer must deposit those funds into the CPDA account by December 31 and June 30 each year.

A "qualified facility" is a facility located in a county with a CPDA meeting one of these requirements:
- A seating capacity of at least 68,000 fixed seats in an open-air stadium with related event space of at least 300,000 square feet.
- A seating capacity of at least 47,000 seats and a retractable roof.

The Joint Legislative Audit and Review Committee must review the CPDA funding provided in this proposal.

The CPDAs must submit biennial reports to the appropriate committees of the Legislature.

This proposal expires on January 1, 2037.

EFFECTIVE DATE:
The bill takes effect 90 days after the final adjournment of the session.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

ASSUMPTIONS
- This proposal redirects 30% of state sales and use taxes generated at qualified facilities to the CPDA Account.
-The annual growth rate reflects the Economic and Revenue Forecast Council’s November 2024 statewide taxable retail sales forecast.

- The Office of the State Treasurer (OST) will show the transfer to the CPDA Account on the OST fiscal note.
- The Performance Audits of Government Account receives a 0.16% share of retail sales and use tax collections. The transfer excludes these amounts from the transfer to the CPDA Account.
- Currently, tribes with compacts receive a share of state sales and use taxes and certain business and occupation taxes (RCW 43.06.523). Under this bill, the amount of revenue shared with tribes does not change.
- The May 1, 2026, distribution calculation includes January and February 2026 collections.
- The November 1, 2026, distribution calculation includes collections from March through September 2026.

Ongoing distribution calculations:
- The May 1 calculation includes collections from October through December of the previous year and January and February of the current year.
- The November 1 calculation includes collections from March through September of the current year.

DATA SOURCES
- Department of Revenue, Excise tax data
- Economic and Revenue Forecast Council, November 2024 forecast

REVENUE ESTIMATES
This bill decreases state revenues by an estimated $510,000 in the two months of impacted collections in fiscal year 2026, and by $3.16 million in fiscal year 2027, the first full year of impacted collections.

FY 2031 - ($ 3,660)

Local Government, if applicable (cash basis, $000): None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number.
