SENATE COMMERCE COMMITTEE

STATEMENT TO

SENATE, No. 4387

STATE OF NEW JERSEY

DATED: MAY 22, 2025

The Senate Commerce Committee reports favorably Senate Bill No. 4387.

This bill requires the Division of Consumer Affairs to develop an automated system for use by the boards, committees, or other entities in the division that regulate a profession or occupation which requires a licensee to complete continuing education to renew a license to track the credits or hours completed by each licensee. The system is to determine if a licensee is in compliance with the continuing education requirement of the particular profession or occupation in time for the renewal of a license, notwithstanding any hardship experienced by a licensee that has been determined by the requisite board, committee, or other entity.
