Supplemental Notice of Imminent Eviction Hearing	

Plaintiff submits this supplemental notice to inform the Court that despite multiple emergency motions, un rebutted filings, and formal requests for status conference and injunctive relief, no ruling or action has been taken in this matter since Plaintiff's July 2, 2025 filing. Plaintiff first gave formal notice of a housing crisis on July 1, 2025, and the situation has now escalated into a legally docketed Forcible Entry and Detainer (FED) action, Case No. 25C1455 [**attached as Exhibit A**], with a hearing scheduled for July 30, 2025.

This hearing is the direct result of Plaintiff's inability to secure the unemployment backpay and economic relief at issue in this case. The harm is neither abstract nor speculative: absent immediate judicial action, Plaintiff who is disabled, indigent, and accompanied by a service animal faces homelessness and irreversible harm no later than July 31, 2025. Plaintiff has no funds to relocate, no viable shelter options, and no access to support services.

The constitutional and ADA violations already briefed are now culminating in life-threatening harm and final deprivation of rights that could have and should have been addressed through

timely adjudication of the pending motions. Plaintiff respectfully renews the request for immediate judicial action on the emergency motions and reiterates the urgency and gravity of the circumstances.

A true and accurate copy of the eviction hearing summons is attached as **Exhibit A**.

Respectfully submitted,

Joshua Abrams
