28 FILED PROVISIONALLY UNDER SEAL
PURSUANT TO STIPULATED PROTECTIVE
ORDER

1 I, Michael J. Letson, hereby declare as follows:

2 1. I am employed by Defendant Bank of America, N.A. (BANA) as
3 Managing Director in Global Financial Crimes (GFC) leading Surveillance and
4 Complex Investigations, and have served in this role since May 2023. Prior to that, I
5 led Detection and Complex Investigations from May 2023 to June 2024, and I served
6 as Head of GFC’s Financial Crimes Analytics from February 2019 through May
7 2023.

8 2. I make this declaration based upon personal knowledge and belief, upon
9 BANA’s records maintained in the ordinary course and scope of business, and upon
10 information gathered from other BANA employees within the scope of their
11 responsibilities. If called to testify as to any of the matters set forth in this declaration,
12 I could and would competently testify thereto.

13 3. In my role as Managing Director, I manage the GFC business operations
14 group at BANA whose mission is to lead the efforts of the institution to detect and
15 deter criminal misconduct and fraud and support compliance with the Bank Secrecy
16 Act and anti-money laundering (BSA/AML) obligations. Based on my various
17 positions at BANA, especially my current and prior roles with GFC, I am familiar
18 with—and in many instances developed, directed, or implemented—BANA’s fraud
19 detection capabilities and efforts, including its use of anti-fraud strategies. Through
20 2020 to early 2023, I was directly and personally involved in BANA’s response to
21 fraud, money laundering, and other crimes specifically targeting BANA’s prepaid
22 cards issued as part of State unemployment insurance (UI) programs, including
23 California’s Employment Development Department (EDD) UI program.

24 4. In my role at BANA, I am familiar with BANA’s BSA/AML
25 responsibilities, including BANA’s obligation as a national bank to detect, to report,
26 and to take reasonable steps not to permit fraud or attempted fraud using BANA’s
27 products and systems.

BANA’s Fraud Prevention Responsibilities and Strategies

5. As a national bank, BANA has a statutory and regulatory obligation to take efforts not to permit BANA’s products and systems—including BANA UI prepaid cards—from being used as instruments of fraud, money laundering, other criminal activities. Under the BSA and other anti-money laundering laws, regulations, and guidance, this includes the requirement to monitor transactions and to report on suspicious financial activity. [REDACTED]

7. Any fraud strategy can impact persons whose card activities or observable characteristics appear to be fraudulent or suspicious but are not, in fact, fraudulent for a particular cardholder. In my experience, it is never BANA’s intention to inconvenience valid benefits recipients; however, no fraud strategy is 100% effective at identifying only fraudulent activity. That is in the nature of reasonable strategies (like the Claim Fraud Filter (CFF) described below), which are an important tool used for fraud deterrence across the American economy.

1 8. At all times when assessing and implementing fraud strategies across all
2 of BANA's products (including UI prepaid cards), [REDACTED]

20 **BANA's Observations of Fraud During the Pandemic**

21 10. Throughout the pandemic, in compliance with its obligations under the
22 BSA, [REDACTED]
23 [REDACTED]
24 [REDACTED]
25 [REDACTED]. FinCEN is a bureau of the Department of the Treasury.
26 FinCEN is the primary federal authority responsible for safeguarding the financial
27 system from fraud and other forms of illicit use; for collecting, and analyzing and
28 disseminating financial intelligence; and for implementing and enforcing BSA and

1 AML requirements. FinCEN is the United States partner with other countries’ similar
2 agencies that coordinate in the detection and investigation of financial crimes
3 worldwide. [REDACTED]

4 [REDACTED]
5 [REDACTED].

6 11. Starting in Spring 2020, BANA observed, and was informed by law
7 enforcement agencies and other third-party sources of massive fraud and illegality in
8 UI programs and affecting BANA prepaid cards issued to distribute benefits for UI
9 programs in 12 states. The fraud was different in type and in scale from anything
10 BANA had seen previously in its UI prepaid programs. In my professional
11 experience, the scale of this fraud and misuse was unprecedented. These sentiments
12 appear to be shared by law enforcement: the then-chief of Secret Service
13 investigations Jeremy Sheridan pronounced that pandemic-era unemployment
14 benefit abuse was “the largest fraud scheme that I’ve ever encountered.” ‘Easy
15 money’: How international scam artists pulled off an epic theft of COVID benefits,
16 NBC, Aug. 15, 2021, [https://www.nbcnews.com/news/usnews/easy-money-how-](https://www.nbcnews.com/news/usnews/easy-money-how-international-scam-artists-pulled-epic-theft-covid-n1276789)

18 situation where fraud was more common simply because the programs had grown
19 larger. Instead, the pandemic created opportunities for benefits eligibility and
20 unauthorized transaction claims (Error Claims) fraud types that had not been
21 prevalent before and, in the case of benefits eligibility fraud, was not even possible
22 on a wide scale before.

23 12. Beginning in May 2020, [REDACTED]
24 [REDACTED]
25 [REDACTED]
26 [REDACTED]
27 [REDACTED].

1 13. Also in May 2020, BANA was first alerted to benefits eligibility fraud
2 when the U.S. Secret Service issued an alert about massive fraud being perpetrated
3 against state unemployment programs. A true and correct copy of the alert is attached
4 to the Declaration of Laura G. Brys in Support of BANA’s Request for Judicial
5 Notice (the “Brys RJN Decl.”) as RJN 5 (BANA_EDD_MDL-00205361).¹ [REDACTED]

13 14. Ultimately, law enforcement uncovered criminal conduct stretching
14 across the globe, and domestic networks of “money mules” who occupied themselves
15 all day long with applying for unemployment or making cash withdrawals using
16 wrongfully obtained BANA UI prepaid cards. FinCEN, *Advisory on Imposter Scams*

20 fraud also occurred within California’s state prison system, as BANA observed (and
21 California’s State Auditor and various news organizations later reported) that an
22 estimated \$810 million in benefits was fraudulently obtained by prisoners making
23 fraudulent unemployment claims. As of January 2021, California’s State Auditor
24 estimated nearly \$10.4 billion in fraudulent claims. Subsequent reports have
25 estimated in excess of \$32 billion of unemployment benefits were stolen and
26 illegitimately issued in California. Auditor of the State of California, *Significant*

22. BANA soon came to realize that [REDACTED]

[REDACTED]

[REDACTED]. Public reports also began to emerge that

EDD was unable to manage the avalanche of unemployment claims. *E.g.*, Auditor of the State of California, *Significant Weaknesses in EDD’s Approach to Fraud Prevention Have Led to Billions of Dollars in Improper Benefit Payments*, (Jan. 2021), <https://information.auditor.ca.gov/pdfs/reports/2020-628.2.pdf>. As a report issued by the United States House Committee on Oversight and Accountability recently explained:

EDD staff under Su’s leadership adopted a ‘pay and chase’ model and processed incoming claims quickly; EDD staff understood that less time should be spent on checking eligibility of claimants as this would slow down paying out benefits. This led to many bad actors like international organized crime and individual criminals cashing in while eligible claimants were unable to obtain their benefits.

H. Comm. on Oversight and Accountability Majority Staff, *Examining Widespread Fraud in Pandemic Unemployment Relief Programs* (Sept. 10, 2024), <https://oversight.house.gov/wp-content/uploads/2024/09/UI-Report-FINAL.pdf>. By mid-September 2020, the Governor shut down EDD so it could take two weeks to implement a new process to fight fraudulent applications for benefits and clean a backlog of pending applications. *See* EDD Announces Reset in Response to Strike Team Recommendations to Process Claims Faster, Reduce Fraud and Tackle Backlog Issue, EDD, New Release No. 20-49, Sept. 19, 2020, https://edd.ca.gov/About_EDD/pdf/news-20-49.pdf.
