PARTI: Where Culture Meets Crypto

What is PARTI?

Parti is a live streaming platform that gives new creators instant visibility. Our algorithm pushes emerging streamers to real audiences, so your content reaches viewers from day one. Whether you're creating or watching, Parti rewards participation through built-in crypto incentives.

Problem

The Broken Creator Economy

Platforms like Twitch, YouTube, and TikTok favor established creators, leaving newcomers unseen. Many stream for months to tiny audiences while platforms profit without fair creator or viewer rewards.

PARTI Solution

Discovery-First Platform Architecture

Parti's algorithm spotlights new creators. First streams often reach hundreds of viewers, and migrating creators grow fast. Some scale from zero to thousands of followers within weeks. With built-in crypto rewards, you can monetize from day one – no partner status or follower minimums required.

Key Features

Enhanced Discoverability

Algorithm prioritizes new streamers; first streams regularly reach hundreds of engaged viewers

Instant Monetization

Earn from your first stream, no partner or follower requirements

Audience Migration Support

Bring existing followers and grow faster through network

Viewer Rewards

Crypto incentives drive consistent engagement and repeat viewership

Creator Network

Join 6,500+ streamers including Sneako, Jack Doherty, World of T-Shirts, and Myron Gaines

Parti Drops & Marketplace

Sell collectibles, emotes, and merch directly to fans

Why PARTI: Early-Stage Platform Advantage

Parti is like TikTok in 2018: fast growth, low competition. Many creators gain thousands of followers in their first month, with first streams reaching hundreds of viewers thanks to our discovery-driven algorithm.

Instant Monetization Potential

No partner requirements or long wait times. With your built-in crypto wallet upon signup, Parti lets you earn from your first stream while driving steady viewer engagement.

What's Next?

We're expanding creator tools: quest systems, creator coins, and more marketplace options. Early creators and viewers benefit most from growing network effects.

Get Started

Our algorithm currently favors new creators. Early adopters gain the most from network effects as the platform scales. Whether you're creating, building an audience, or earning as a viewer, now's the best time to join.
