All Comments:

Andrea Kadar, Self: Yes!; Craig McDermott, Self: Be honorable and simply state that you wish to destroy the AZ League of Cities and Towns, Instead of being sneaky like this.; Carol Stines, Self: Monies for membership dues in organizations should be limited; Gail Kamaras, Self: Unnecessary interference with local .governments. Amounts to free association violation; Sallie Kladnik, Self: Be fair to small cities; Bryna Koch, Self: Vote no. More bills that seem to target organizations certain legislature don't want to hear from.; Diane Nevill, Self: Small towns get proportionally more service from the League of Cities and Towns, so it makes sense for their membership fee to be more per capita than Phoenix. This is part of an attack on membership associations.; Christian Price, Self: Yes Mayor Christian Price, City of Maricopa and I would like to speak on the bill. Thanks.; John Gleason, Self: This bill might be the most left wing legislation ever written by the so-called conservative majority. This is socialism at its "finest" - telling a private club or organization how to manage their dues. My oh my, who's next? Kill this one, NOW!; Jessica Kitterman, Self: The League provides critical information for many cities, including finance data for their budget departments. This is part of a wave of attacks on membership associations, including the Arizona School Boards Association. Oppose; Jan Perozeni Corbus, Self: Charges need to be based on usage.; Jeffrey Fortney, Self: Zip Code 85331; Carissa Sipp, Self: limiting the membership fee and letting those that take more pay less - seems ironic and almost like theft. if you get more service that doesn't come for free, the dues are appropriate so why try to cheat and pay less?; Charles Mackey, Self: Excess membership dues paid by a city or town to a membership organization should be relatively equal to the towns population. Small cities should not pay as much as larger cities.; Sandra Rizzo, Self: This bill is an attempt to silence fair and powerful voices, and I oppose it.; Carol Schneiderman, Self: OPPOSE; Debra Anderson, Self: Local government decision not state mandate. Government overreach.; Cynthia Couture, Self: Small towns have fewer financial resources, so charging them more is cruel. Our society was built to help others reach equitable footing. This bill gives already powerful cities even more power.; Ruth Edwards, Self: yes. Let's create a fair situation where small towns are not paying more in membership dues than large ones.; Kathleen Martin, Self: Attack on the AZ School Board Association!; Barbara Oliver, Self: This bill is an attack on membership associations including the AZ School Board Associations.; Sharon Gerrard, Self: Small towns get more service should pay more; Penny Boone, Self: This bill appears to be part of a wave of attacks on membership associations which often have the power to derail harmful legislation put forth by extremists. I oppose.; Alyce Simpson, Self: Is the League violating a law? By what constitutional right does the legislature have to a private organization how to structure their membership? Will you do the same to the Chamber of Commerce?; Loretta O'Connor, Self: I support this usage-based fee structure.; Jeannine Reno, Self: Stop kneecapping advocacy organizations that you don't like.; Elizabeth McClure, Self: If it ain't broke, don't "fix" it. This system is already fair and works well. No reason to completely remake how the League of Cities and Towns works. Please, legislators, focus on the needs of our most vulnerable citizens instead of making messes.; Dieter Knecht, Self: Small towns get proportionally more service from the League, so it makes sense to have a higher membership fee. This bill is an attack on membership associations that could help derail potentially harmful legislation. Please oppose.; Barbara Kain, Self: LCT provides vital information for many cities, and smaller cities benefit more, proportionally, than the bigger cities. It makes sense for smaller entities to continue to pay more per capita.; Helen Kim, Self: If a town would like more services from the League and are ready to contribute more in their membership cost for them, that should be their right, regardless of their town's size. A large city shouldn't have to pay more due to their size, but on use.; Sue Thorne, Self: Rep Cobb is misguided The League of Cities & Towns provides critical info. to small towns which have smaller populations. The benefit per-cap to small towns is much greater than per-cap benefit in large cities.Part of wave of attacks on associations; Mary-Jeanne Fincher, Self: This is micromanagement; the League should charge based on the level of services provided. The size of the city or town receiving the service is unrelated.; Anne Leota Hart, Self: This is a bad bill really meant to be part of a wave of attacks on membership associations. We need to support our cities, especially smaller ones like Flagstaff, where I live. This bill will do just the opposite.; Tori Foy-Kurth, Self: Please support integrity of government.; Jon Riches,

Self: On behalf of the Goldwater Institute; Elizabeth Brauer, Self: The League of Cities and Towns is a valuable resource for small towns and their support should not be reduced.; Roxanna Kearns, Self: Membership associations serve small communities and the expenses are higher on a per capita basis. Oppose this bill.; Joseph Myers, Self: Some municipalities charge high fees in local taxes. This bill prevents organizations from assessing fees higher than larger cities such as Phoenix and Tucson. We need a clearly stated cap; Virginia Dotson, Self: The League of Cities and Towns provides valuable information for city budgets. Let them do their work.; Marie Sansone, Self: This bill would harm our small towns and cities, particularly those in rural areas. Local governments are in the best position to understand their communities' problems and strengths. The State should empower local governments, not stifle them.; Vanessa Goldberg, Self: The Leage provides critical information for many cities, including financial data for their budgeting purposes. They should not be made a political football!; JOHN FIENE, Self: This is a League of Cities and Towns issue, not the legislature.; Margaret Nichols, Self: Small towns use more of the services of the League of Cities and Towns so it's not unfair that they pay more per capita. The purpose of this bill seems more likely to be curtailing effective arguments against legislative extremes.; James Stein, Self: This is part of a coordinated wave of attacks on membership associations, including the Arizona School Boards Association, which often have the power to derail harmful legislation.; John Propster, Self: Typical government party overreach. Another attack on government bodies that are the voice of the people. Sad! Big no!; Kerry Nugent, Self: ANOTHER WAY TO TO LIMIT PEOPLE RIGHTS AND FREEDOMS.; Christina Mollica, Self: I am a registered voter in LD21.; Nancy Osgood, Self: As a PC for LD18 we fully support this bill.; Nancy Smith, Self: I'm extremely opposed to this bill.; Julia Wills, Self: This is part of an effort to undermine associations in the state which are there, in this case, to support smaller cities and towns in the state.; Mary Ann Graffagnino, Self: Small towns get proportionally more service from the League, so it makes sense for their membership fee to be more per capita than Phoenix. The League provides critical information for many cities, including finance data for their budget departments

ARIZONA HOUSE OF REPRESENTATIVES

Fifty-fifth Legislature
Second Regular Session

HB 2146: data security breach; notification
Sponsor: Representative Bolick, LD 20
Committee on Commerce

Overview

Includes the Director of the Arizona Department of Homeland Security (AZDOHS) in the list of individuals that receive security system breach notifications.

History

An individual who does business in Arizona that owns, maintains or licenses unencrypted and unredacted computerized personal information and suspects a security breach is required to investigate this matter. If a breach is determined to have occurred, the person who owns or licenses the data must provide support to law enforcement. If the breach affects more than 1,000 individuals, then the Arizona Attorney General and the three largest consumer reporting agencies must be notified (A.R.S. § 18-552).

For all data breaches, within 45 days, all individuals who had their data compromised must be notified. The notice must be given to all individuals in writing, by phone or by email. But if none of those three methods are feasible — because the cost is too high, because the number of individuals is too large or because the person breached does not have the necessary contact information — then the person must post notice of the breach conspicuously on his or her website for 45 days (A.R.S. § 18-552).

Provisions

1. Revises reporting requirements for computer security breaches of companies that own, maintain or license unencrypted or unredacted computerized personal information to include notifying the Director of AZDOHS. (Sec. 1)
2. Adds that, as with the notification to the attorney general, the notification to the Director of AZDOHS is also confidential. (Sec. 1)
3. Makes technical changes. (Sec. 1)

HB 2051: commission on the arts; continuation
Sponsor: Representative Wilmeth, LD 15
Committee on Commerce

Overview

Continues the Arizona Commission on the Arts (COTA) for eight years.

History

Arizona Commission on the Arts

Established by Laws 1967, Chapter 132, COTA is statutorily required to encourage the study and presentation of the performing arts and fine arts. Additionally, the Commission must stimulate public interest and participation in the arts and assist freedom of artistic and scholarly expression. COTA provides grants to help pay arts organizations' administrative expenses and to help fund arts education and other artistic projects throughout the state. COTA consists of 15 members who are appointed by the Governor to serve three-year terms. Members do not receive compensation for their services (Title 41, Chapter 5, Article 6, A.R.S.)

Sunset Review Process

The sunset review process provides a system for the Legislature to evaluate the need to continue the existence of state agencies which are reviewed by a legislative committee of reference (COR). The COR is required to hold a public hearing, receive testimony from agency officials and the public and consider certain sunset factors in determining whether to recommend continuing, consolidating, or terminating the agency (A.R.S 41-2954).

On January 11, 2021, the House Commerce COR held a public hearing and recommended that the Legislature continue COTA for eight years. COTA terminates on July 1, 2022, unless continued by the Legislature (A.R.S. § 41-3022.10).

Provisions

1. Continues, retroactively to July 1, 2022, COTA until July 1, 2030. (Sec. 1, 2, 4)
2. Repeals COTA on January 1, 2031. (Sec. 2)
3. Contains a purpose statement. (Sec. 3)
