Subject: Thank You

Hi Jamie:

It was nice to join JP Morgan's Thought Leadership Series on April 24th and glad to see your're recovering well. We also had a nice Zoom call with Jim Glassman, Art Neville and Alex Leonard and others this morning.

On another note, you may have read recently of the challenges many states are facing with procurement of and payment for protective equipment for healthcare workers. California is no exception.

A number of weeks ago, California entered into an agreement with a little known company to procure such equipment and the funds wired by my office triggered an alert within your bank that the payment was potentially fraudulent.

Thankfully, Alex Leonard, of your Government Banking Group in San Francisco contacted my office immediately and assisted us in reversing the payment and protecting public money.

It is because of financial firms like JP Morgan and individual commitments of bankers like Alex that produce truly effective financial partnerships. Please accept my personal thanks for the bank's efforts and the dedication of individuals like Alex that produced this positive result.

The best way to reach is via my personal cell at [redacted]

Thank you and have a great Memorial Day Weekend.

Fiona Ma, CPA

California State Treasurer
