are very few things more bipartisan than that. They want it fixed, and they want it fixed now.

This bill is the first step to building back better. It will support vaccine distribution and research and provide relief to small businesses, schools, and Coloradans who are out of work. So let's get this done.

Mr. Speaker, I urge my colleagues to vote in favor of the American Rescue Plan.

NATIONAL FFA WEEK

(Mr. ROSE asked and was given permission to address the House for 1 minute.)

Mr. ROSE. Mr. Speaker, I proudly rise before you today in honor of National FFA Week.

As an eighth-generation farmer and former member of the Future Farmers of America myself, I have seen firsthand the positive difference that FFA makes in the lives of students by developing their potential for premier leadership, personal growth, and career success throughout agricultural education.

FFA members know that American agriculture truly is one of the best traditions of our national life and that service to one's community is a pillar of good leadership and citizenship.

I am confident that the future of our Nation's agriculture is in good hands because it is being shaped by members of the National FFA Organization.

I wish a happy FFA Week to the 28,000 members in my home State of Tennessee and to the 760,000 members across the country.

COVID RELIEF

(Mr. HORSFORD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HORSFORD. Mr. Speaker, I rise in support of the expanded Child Tax Credit and Federal unemployment assistance included in the American Rescue Plan.

In my State of Nevada and across the country, hardworking families are suffering. The United States has lost more than 10 million jobs since the beginning of this pandemic, with a particularly devastating effect on women and people of color. Americans need help, and they are counting on the Members of this body to deliver.

Interestingly, my colleagues on the other side say this bill does not have bipartisan support.

Whom are they listening to?

Seventy-six percent of Americans support this bill, including 60 percent of Republicans. So I would urge my colleagues on the other side to actually listen to their constituents and to deliver on their behalf.

In just a 2-week period, more than 8 million American children go hungry because their families can't afford enough to eat. That should not happen in the wealthiest country on Earth. By passing an expanded Child Tax Credit, we can bring millions of children above the poverty line and put money in their parents' pockets.

By passing my legislation to increase and expand Federal unemployment insurance, we will provide critical relief to those who have lost their jobs in this pandemic.

So while we are working to recover and rebuild, we must invest in the American people. Stop the lies and listen to your constituents.

PPP FLEXIBILITY FOR FARMERS AND RANCHERS

(Mr. HAGEDORN asked and was given permission to address the House for 1 minute.)

Mr. HAGEDORN. Mr. Speaker, the CARES Act allowed farmers and ranchers to apply for the Paycheck Protection Program by utilizing only net income in their loan calculations. This has prevented many agricultural partnerships from receiving the maximum loan amount possible.

My bipartisan bill that I have introduced today, the PPP Flexibility for Farmers and Ranchers Act, allows the use of gross income to calculate the loan and includes a retroactive provision to enable farm partnerships that initially used net income to recalculate unforgiven PPP loans.

Ag producers throughout the Nation have suffered greatly from historic drops in demand during the pandemic. As we push to reopen our economy, we must ensure that our farmers and ranchers have access to the resources needed to maintain operations through the end of the pandemic.

I am grateful to my colleagues and an array of national agricultural groups who join me in this commonsense effort to boost our farmers, ranchers, and agricultural economy.

I encourage Members to cosponsor my bill.
