I. PURPOSE AND BILL SUMMARY

On May 1, 2025, Chairman Roger Williams, introduced H.R. 3174, the *Made in America Manufacturing Finance Act of 2025*. H.R. 3174 increases the loan limit for small American manufacturers under the U.S. Small Business Administration’s (SBA) 7(a) and 504 lending programs from \$5 million and \$5.5 million, respectively, to \$10 million.

II. NEED FOR LEGISLATION

The SBA provides government-backed guarantees on private sector loans to small businesses through two major lending programs, the 7(a) and 504 loan programs. Both programs are funded through the collection of lender fees and operate at zero-subsidy, i.e. zero

cost to taxpayers. Manufacturing is an inherently capital-intensive industry, which creates significant barriers to financing for small manufacturers. The *Made in America Manufacturing Finance Act of 2025* will empower the SBA to meet the capital needs of domestic manufacturers and supercharge the return of Made in America.

For far too long, American manufacturers have been undercut by unfair trade practices, burdensome regulations, and over taxation. President Trump has made it a priority to revitalize the U.S. manufacturing sector and bring jobs back that were carelessly outsourced, often to foreign adversaries. President Trump recently secured nearly \$2 trillion in pledged investment in domestic manufacturing.¹ Thanks to pro-growth policies and increased market demand, SBA loan approvals for small manufacturers increased by 80 percent in the first 100 days of the Trump Administration.²

H.R. 3174 would support the Trump Administration’s efforts to revitalize American manufacturing. Boosting domestic manufacturing will not only create jobs and provide economic stability but also support a strong manufacturing base for U.S. national defense priorities.³

III. HEARINGS

On June 4, 2025, the Committee on Small Business held a hearing examining matters related to H.R. 3174 entitled “Budgeting for Growth: Testimony from SBA Administrator Kelly Loeffler.”

V. COMMITTEE VOTES

(19)(A) In addition to the Preferred Lenders Program authorized by the proviso in section 5(b)(7), the Administration is authorized to establish a Certified Lenders Program for lenders who establish their knowledge of Administration laws and regulations concerning the guaranteed loan program and their proficiency in program requirements. The designation of a lender as a certified lender shall be suspended or revoked at any time that the Administration determines that the lender is not adhering to its rules and regulations or that the loss ex-

perience of the lender is excessive as compared to other lenders, but such suspension or revocation shall not affect any outstanding guarantee.

(B) In order to encourage all lending institutions and other entities making loans authorized under this subsection to provide loans of \$50,000 or less in guarantees to eligible small business loan applicants, the Administration shall develop and allow participating lenders to solely utilize a uniform and simplified loan form for such loans.

(C) Authority to liquidate loans.—

(ii) with such assistance such concern has a reasonable prospect for operating soundly and profitably within a reasonable period of time;

(iii) the proceeds of such assistance will be used within a reasonable time for plant construction, conversion, or expansion, including the acquisition of equipment, facilities, machinery, supplies, or material or to supply such concern with working capital to be used in the manufacture of articles, equipment, supplies, or material for defense or civilian production or as may be necessary to insure a well-balanced national economy; and

(iv) such assistance is of such sound value as reasonably to assure that the terms under which it is provided will not be breached by the small business concern.

(ii) Subject to the provisions of clause (i), in agreements to participate in loans on a deferred (guaranteed) basis, participation by the Administration shall be not less than 85 per centum of the balance of the financing outstanding at the time of disbursement.

(ii) to a qualified individual or a veteran seeking to establish (or acquire) and operate a small business concern.

(B) Recognizing that greater risk may be associated with a loan to a small business concern described in subparagraph (A)(i), any reasonable doubts concerning the firm's proposed business plan for transition to nondefense-related markets shall be resolved in favor of the loan applicant when making any determination regarding the sound value of the proposed loan in accordance with paragraph (6).

(16) STATUTE OF LIMITATIONS.—Notwithstanding any other provision of law, any criminal charge or civil enforcement action alleging that a borrower engaged in fraud with respect to a loan made under this subsection in response to COVID-19 during the covered period (as defined in section 1110(a) of the CARES Act) shall be filed not later than 10 years after the offense was committed.

No loan under this subsection, including renewals and extensions thereof, may be made for a period or periods exceeding thirty years: *Provided*, That the Administrator may consent to a suspension in the payment of principal and interest charges on, and to an extension in the maturity of, the Federal share of any loan under this subsection for a period not to exceed five years, if (A) the borrower under such loan is a homeowner or a small business concern, (B) the loan was made to enable (i) such homeowner to repair or replace his home, or (ii) such concern to repair or replace plant or equipment which was damaged or destroyed as the result of a disaster meeting the requirements of clause (A) or (B) of paragraph (2) of this subsection, and (C) the Administrator determines such action is necessary to avoid severe financial hardship: *Provided further*, That the provisions of paragraph (1) of subsection (d) of this section shall not be applicable to any such loan having a maturity in excess of twenty years. Notwithstanding any other provision of law, and except as provided in subsection (d), the interest rate on the Administration's share of any loan made under subsection (b), shall not exceed the average annual interest rate on all interest-bearing obligations of the United States then forming a part of the

public debt as computed at the end of the fiscal year next preceding the date of the loan and adjusted to the nearest one-eighth of 1 per centum plus one-quarter of 1 per centum: *Provided, however,* That the interest rate for loans made under paragraphs (1) and (2) hereof shall not exceed the rate of interest which is in effect at the time of the occurrence of the disaster. In agreements to participate in loans on a deferred basis under this subsection, such participation by the Administration shall not be in excess of 90 per centum of the balance of the loan outstanding at the time of disbursement. Notwithstanding any other provision of law, the interest rate on the Administration's share of any loan made pursuant to paragraph (1) of this subsection to repair or replace a primary residence and/or replace or repair damaged or destroyed personal property, less the amount of compensation by insurance or otherwise, with respect to a disaster occurring on or after July 1, 1976, and prior to October 1, 1978, shall be: 1 per centum on the amount of such loan not exceeding \$10,000, and 3 per centum on the amount of such loan over \$10,000 but not exceeding \$40,000. The interest rate on the Administration's share of the first \$250,000 of all other loans made pursuant to paragraph (1) of this subsection, with respect to a disaster occurring on or after July 1, 1976, and prior to October 1, 1978, shall be 3 per centum. All repayments of principal on the Administration's share of any loan made under the above provisions shall first be applied to reduce the principal sum of such loan which bears interest at the lower rates provided in this paragraph. The principal amount of any loan made pursuant to paragraph (1) in connection with a disaster which occurs on or after April 1, 1977, but prior to January 1, 1978, may be increased by such amount, but not more than \$2,000, as the Administration determines to be reasonable in light of the amount and nature of loss, damage, or injury sustained in order to finance the installation of insulation in the property which was lost, damaged, or injured, if the uninsured, damaged portion of the property is 10 per centum or more of the market value of the property at the time of the disaster. No later than June 1, 1978, the Administration shall prepare and transmit to the Select Committee on Small Business of the Senate, the Committee on Small Business of the House of Representatives, and the Committee of the Senate and House of Representatives having jurisdiction over measures relating to energy conservation, a report on its activities under this paragraph, including therein an evaluation of the effect of such activities on encouraging the installation of insulation in property which is repaired or replaced after a disaster which is subject to this paragraph, and its recommendations with respect to the continuation, modification, or termination of such activities.

In the administration of the disaster loan program under paragraphs (1) and (2) of this subsection, in the case of property loss or damage or injury resulting from a major disaster as determined by the President or a disaster as determined by the Administrator which occurs on or after January 1, 1971, and prior to July 1, 1973, the Small Business Administration, to the extent such loss or damage or injury is not compensated for by insurance or otherwise—

(A) may make any loan for repair, rehabilitation, or replacement of property damaged or destroyed without regard to

whether the required financial assistance is otherwise available from private sources;

(B) may, in the case of the total destruction or substantial property damage of a home or business concern, refinance any mortgage or other liens outstanding against the destroyed or damaged property if such project is to be repaired, rehabilitated, or replaced, except that (1) in the case of a business concern, the amount refinanced shall not exceed the amount of the physical loss sustained, and (2) in the case of a home, the amount of each monthly payment of principal and interest on the loan after refinancing under this clause shall be not less than the amount of each such payment made prior to such refinancing;

(C) may, in the case of a loan made under clause (A) or a mortgage or other lien refinanced under clause (B) in connection with the destruction of, or substantial damage to, property owned and used as a residence by an individual who by reason of retirement, disability, or other similar circumstances relies for support on survivor, disability, or retirement benefits under a pension, insurance, or other program, consent to the suspension of the payments of the principal of that loan, mortgage, or lien during the lifetime of that individual and his spouse for so long as the Administration determines that making such payments would constitute a substantial hardship;

(D) shall, notwithstanding the provisions of any other law and upon presentation by the applicant of proof of loss or damage or injury and a bona fide estimate of cost of repair, rehabilitation, or replacement, cancel the principal of any loan made to cover a loss or damage or injury resulting from such disaster, except that—

(i) with respect to a loan made in connection with a disaster occurring on or after January 1, 1971 but prior to January 1, 1972, the total amount so canceled shall not exceed \$2,500, and the interest on the balance of the loan shall be at a rate of 3 per centum per annum; and

(ii) with respect to a loan made in connection with a disaster occurring on or after January 1, 1972 but prior to July 1, 1973, the total amount so canceled shall not exceed \$5,000, and the interest on the balance of the loan shall be at a rate of 1 per centum per annum.

With respect to any loan referred to in clause (D) which is outstanding on the date of enactment of this paragraph, the Administrator shall—

(i) make such change in the interest rate on the balance of such loan as is required under that clause effective as of such date of enactment; and

(ii) in applying the limitation set forth in that clause with respect to the total amount of such loan which may be canceled, consider as part of the amount so canceled any part of such loan which was previously canceled pursuant to section 231 of the Disaster Relief Act of 1970.

Whoever wrongfully misapplies the proceeds of a loan obtained under this subsection shall be civilly liable to the Administrator in an amount equal to one-and-one-half times the original principal amount of the loan.

(E) A State grant made on or prior to July 1, 1979, shall not be considered compensation for the purpose of applying the provisions of section 312(a) of the Disaster Relief and Emergency Assistance Act to a disaster loan under paragraph (1)(2) of this subsection.

(ii) provide for such other nonfinancial services as deemed necessary for the establishment, preservation, and growth of small business concerns participating in the Program, including but not limited to (I) loan packaging, (II) financing counseling, (III) accounting and bookkeeping assistance, (IV) marketing assistance, and (V) management assistance;

(B) Small business concerns eligible to receive contracts pursuant to section 8(a) of this Act shall participate in the Program.

(C)(i) A small business concern participating in any program or activity conducted under the authority of this paragraph or eligible for the award of contracts pursuant to section 8(a) on September 1, 1988, shall be permitted continued participation and eligibility in such program or activity for a period of time which is the greater of—

(I) 9 years less the number of years since the award of its first contract pursuant to section 8(a); or

(II) its original fixed program participation term (plus any extension thereof) assigned prior to the effective date of this paragraph plus eighteen months.

(ii) Nothing contained in this subparagraph shall be deemed to prevent the Administration from instituting a termination or graduation pursuant to subparagraph (F) or (H) for issues unrelated to the expiration of any time period limitation.

(D)(i) Promptly after certification under paragraph (11) a Program Participant shall submit a business plan (hereinafter referred to as the plan") as described in clause (ii) of this subparagraph for review by the Business Opportunity Specialist assigned to assist such Program Participant. The plan may be a revision of a preliminary business plan submitted by the Program Participant or required by the Administration as a part of the application for certification under this section and shall be designed to result in the Program Participant eliminating the conditions or circumstances upon which the Administration determined eligibility pursuant to section 8(a)(6). Such plan, and subsequent modifications submitted under clause (iii) of this subparagraph, shall be approved by the business opportunity specialist prior to the Program Participant being eligible for award of a contract pursuant to section 8(a).

(ii) The plans submitted under this subparagraph shall include the following:

(I) An analysis of market potential, competitive environment, and other business analyses estimating the Program Participant's prospects for profitable operations during the term of program participation and after graduation.

(II) An analysis of the Program Participant's strengths and weaknesses with particular attention to correcting any financial, managerial, technical, or personnel conditions which are likely to impede the small business concern from receiving contracts other than those awarded under section 8(a).

(III) Specific targets, objectives, and goals, for the business development of the Program Participant during the next and succeeding years utilizing the results of the analyses conducted pursuant to subclauses (I) and (II).

(IV) A transition management plan outlining specific steps to assure profitable business operations after graduation (to be incorporated into the Program Participant's plan during the first year of the transitional stage of Program participation).

(V) Estimates of contract awards pursuant to section 8(a) and from other sources, which the Program Participant will require to meet the specific targets, objectives, and goals for the years covered by its plan. The estimates established shall be consistent with the provisions of subparagraph (I) and section 8(a).

(iii) Each Program Participant shall annually review its currently approved plan with its Business Opportunity Specialist and modify such plan as may be appropriate. Any modified plan shall be submitted to the Administra-

tion for approval. The currently approved plan shall be considered valid until such time as a modified plan is approved by the Business Opportunity Specialist. Annual reviews pertaining to years in the transitional stage of program participation shall require, as appropriate, a written verification that such Program Participant has complied with the requirements of subparagraph (I) relating to attaining business activity from sources other than contracts awarded pursuant to section 8(a).

(iv) Each Program Participant shall annually forecast its needs for contract awards under section 8(a) for the next program year and the succeeding program year during the review of its business plan, conducted pursuant to clause (iii). Such forecast shall be known as the section 8(a) contract support level and shall be included in the Program Participant's business plan. Such forecast shall include—

(I) the aggregate dollar value of contract support to be sought on a noncompetitive basis under section 8(a), reflecting compliance with the requirements of subparagraph (I) relating to attaining business activity from sources other than contracts awarded pursuant to section 8(a),

(II) the types of contract opportunities being sought, identified by Standard Industrial Classification (SIC) Code or otherwise,

(III) an estimate of the dollar value of contract support to be sought on a competitive basis, and

(IV) such other information as may be requested by the Business Opportunity Specialist to provide effective business development assistance to the Program Participant.

(E) A small business concern participating in the program conducted under the authority of this paragraph and eligible for the award of contracts pursuant to section 8(a) shall be denied all such assistance if such concern—

(i) voluntarily elects not to continue participation;

(ii) completes the period of Program participation as prescribed by paragraph (15);

(iii) is terminated pursuant to a termination proceeding conducted in accordance with section 8(a)(9); or

(iv) is graduated pursuant to a graduation proceeding conducted in accordance with section 8(a)(9).

(F) For the purposes of section and 8(a), the terms “terminated” or “termination” means the total denial or suspension of assistance under this paragraph or under section 8(a) prior to the graduation of the participating small business concern or prior to the expiration of the maximum program participation in term. An action for termination shall be based upon good cause, including—

(i) the failure by such concern to maintain its eligibility for Program participation;

(ii) the failure of the concern to engage in business practices that will promote its competitiveness within a reasonable period of time as evidenced by, among other indicators, a pattern of unjustified delinquent performance or

terminations for default with respect to contracts awarded under the authority of section 8(a);

(iii) a demonstrated pattern of failing to make required submissions or responses to the Administration in a timely manner;

(iv) the willful violation of any rule or regulation of the Administration pertaining to material issues;

(v) the debarment of the concern or its disadvantaged owners by any agency pursuant to subpart 9.4 of title 48, Code of Federal Regulations (or any successor regulation); or

(vi) the conviction of the disadvantaged owner or an officer of the concern for any offense indicating a lack of business integrity including any conviction for embezzlement, theft, forgery, bribery, falsification or violation of section 16. For purposes of this clause, no termination action shall be taken with respect to a disadvantaged owner solely because of the conviction of an officer of the concern (who is other than a disadvantaged owner) unless such owner conspired with, abetted, or otherwise knowingly acquiesced in the activity or omission that was the basis of such officer's conviction.

(G) The Director of the Division may initiate a termination proceeding by recommending such action to the Associate Administrator for Minority Small Business and Capital Ownership Development. Whenever the Associate Administrator, or a designee of such officer, determines such termination is appropriate, within 15 days after making such a determination the Program Participant shall be provided a written notice of intent to terminate, specifying the reasons for such action. No Program Participant shall be terminated from the Program pursuant to subparagraph (F) without first being afforded an opportunity for a hearing in accordance with section 8(a)(9).

(H) For the purposes of sections 7(j) and 8(a) the term "graduated" or "graduation" means that the Program Participant is recognized as successfully completing the program by substantially achieving the targets, objectives, and goals contained in the concern's business plan thereby demonstrating its ability to compete in the marketplace without assistance under this section or section 8(a).

(I)(i) During the developmental stage of its participation in the Program, a Program Participant shall take all reasonable efforts within its control to attain the targets contained in its business plan for contracts awarded other than pursuant to section 8(a) (hereinafter referred to as "business activity targets."). Such efforts shall be made a part of the business plan and shall be sufficient in scope and duration to satisfy the Administration that the Program Participant will engage a reasonable marketing strategy that will maximize its potential to achieve its business activity targets.

(ii) During the transitional stage of the Program a Program Participant shall be subject to regulations regarding business activity targets that are promulgated by the Administration pursuant to clause (iii);

(iii) The regulations referred to in clause (ii) shall:

(I) establish business activity targets applicable to Program Participants during the fifth year and each succeeding year of Program Participation; such targets, for such period of time, shall reflect a reasonably consistent increase in contracts awarded other than pursuant to section 8(a), expressed as a percentage of total sales; when promulgating business activity targets the Administration may establish modified targets for Program Participants that have participated in the Program for a period of longer than four years on the effective date of this subparagraph;

(II) require a Program Participant to attain its business activity targets;

(III) provide that, before the receipt of any contract to be awarded pursuant to section 8(a), the Program Participant (if it is in the transitional stage) must certify that it has complied with the regulations promulgated pursuant to subclause (II), or that it is in compliance with such remedial measures as may have been ordered pursuant to regulations issued under subclause (V);

(IV) require the Administration to review each Program Participant's performance regarding attainment of business activity targets during periodic reviews of such Participant's business plan; and

(V) authorize the Administration to take appropriate remedial measures with respect to a Program Participant that has failed to attain a required business activity target for the purpose of reducing such Participant's dependence on contracts awarded pursuant to section 8(a); such remedial actions may include, but are not limited to assisting the Program Participant to expand the dollar volume of its competitive business activity or limiting the dollar volume of contracts awarded to the Program Participant pursuant to section 8(a); except for actions that would constitute a termination, remedial measures taken pursuant to this subclause shall not be reviewable pursuant to section 8(a)(9).

(J)(i) The Administration shall conduct an evaluation of a Program Participant's eligibility for continued participation in the Program whenever it receives specific and credible information alleging that such Program Participant no longer meets the requirements for Program eligibility. Upon making a finding that a Program Participant is no longer eligible, the Administration shall initiate a termination proceeding in accordance with subparagraph (F). A Program Participant's eligibility for award of any contract under the authority of section 8(a) may be suspended pursuant to subpart 9.4 of title 48, Code of Federal Regulations (or any successor regulation).

(ii)(I) Except as authorized by subclauses (II) or (III), no award shall be made pursuant to section 8(a) to a concern other than a small business concern.

(II) In determining the size of a small business concern owned by a socially and economically disadvantaged Indian tribe (or a wholly owned business entity of such tribe), each firm's size shall be independently determined without regard

to its affiliation with the tribe, any entity of the tribal government, or any other business enterprise owned by the tribe, unless the Administrator determines that one or more such tribally owned business concerns have obtained, or are likely to obtain, a substantial unfair competitive advantage within an industry category.

(III) Any joint venture established under the authority of section 602(b) of Public Law 100-656, the "Business Opportunity Development Reform Act of 1988", shall be eligible for award of a contract pursuant to section 8(a).

(11)(A) The Associate Administrator for Minority Small Business and Capital Ownership Development shall be responsible for coordinating and formulating policies relating to Federal assistance to small business concerns eligible for assistance under section 7(i) of this Act and small business concerns eligible to receive contracts pursuant to section 8(a) of this Act.

(B)(i) Except as provided in clause (iii), no individual who was determined pursuant to section 8(a) to be socially and economically disadvantaged before the effective date of this subparagraph shall be permitted to assert such disadvantage with respect to any other concern making application for certification after such effective date.

(ii) Except as provided in clause (iii), any individual upon whom eligibility is based pursuant to section 8(a)(4) shall be permitted to assert such eligibility for only one small business concern.

(iii) A socially and economically disadvantaged Indian tribe may own more than one small business concern eligible for assistance pursuant to section 7(j)(10) and section 8(a) if—

(I) the Indian tribe does not own another firm in the same industry which has been determined to be eligible to receive contracts under this program, and

(II) the individuals responsible for the management and daily operations of the concern do not manage more than two Program Participants.

(C) No concern, previously eligible for the award of contracts pursuant to section 8(a), shall be subsequently recertified for program participation if its prior participation in the program was concluded for any of the reasons described in paragraph (10)(E).

(D) A concern eligible for the award of contracts pursuant to this subsection shall remain eligible for such contracts if there is a transfer of ownership and control (as defined pursuant to section 8(a)(4)) to individuals who are determined to be socially and economically disadvantaged pursuant to section 8(a). In the event of such a transfer, the concern, if not terminated or graduated, shall be eligible for a period of continued participation in the program not to exceed the time limitations prescribed in paragraph (15).

(E) There is established a Division of Program Certification and Eligibility (hereinafter referred to in this paragraph as the Division) that shall be made part of the Office of Minority Small Business and Capital Ownership Development. The Division shall be headed by a Director who shall report directly to the Associate Administrator for Minority Small Business and Capital Ownership Development. The Division shall establish field offices within such

regional offices of the Administration as may be necessary to perform efficiently its functions and responsibilities.

(F) Subject to the provisions of section 8(a)(9), the functions and responsibility of the Division are to—

(i) receive, review and evaluate applications for certification pursuant to paragraphs (4), (5), (6) and (7) of section 8(a);

(ii) advise each program applicant within 15 days after the receipt of an application as to whether such application is complete and suitable for evaluation and, if not, what matters must be rectified;

(iii) render recommendations on such applications to the Associate Administrator for Minority Small Business and Capital Ownership Development;

(iv) review and evaluate financial statements and other submissions from concerns participating in the program established by paragraph (10) to ascertain continued eligibility to receive subcontracts pursuant to section 8(a);

(v) make a request for the initiation of termination or graduation proceedings, as appropriate, to the Associate Administrator for Minority Small Business and Capital Ownership Development;

(vi) make recommendations to the Associate Administrator for Minority Small Business and Capital Ownership Development concerning protests from applicants that have been denied program admission;

(vii) decide protests regarding the status of a concern as a disadvantaged concern for purposes of any program or activity conducted under the authority of subsection (d) of section 8, or any other provision of Federal law that references such subsection for a definition of program eligibility; and

(viii) implement such policy directives as may be issued by the Associate Administrator for Minority Small Business and Capital Ownership Development pursuant to subparagraph (I) regarding, among other things, the geographic distribution of concerns to be admitted to the program and the industrial make-up of such concerns.

(G) An applicant shall not be denied admission into the program established by paragraph (10) due solely to a determination by the Division that specific contract opportunities are unavailable to assist in the development of such concern unless—

(i) the Government has not previously procured and is unlikely to procure the types of products or services offered by the concern; or

(ii) the purchases of such products or services by the Federal Government will not be in quantities sufficient to support the developmental needs of the applicant and other Program Participants providing the same or similar items or services.

(H) Not later than 90 days after receipt of a completed application for Program certification, the Associate Administrator for Minority Small Business and Capital Ownership Development shall certify a small business concern as a Program Participant or shall deny such application.

(I) Thirty days before the conclusion of each fiscal year, the Director of the Division shall review all concerns that have been admitted into the Program during the preceding 12-month period.

The review shall ascertain the number of entrants, their geographic distribution and industrial classification. The Director shall also estimate the expected growth of the Program during the next fiscal year and the number of additional Business Opportunity Specialists, if any, that will be needed to meet the anticipated demand for the Program. The findings and conclusions of the Director shall be reported to the Associate Administrator for Minority Small Business and Capital Ownership Development by September 30 of each year. Based on such report and such additional data as may be relevant, the Associate Administrator shall, by October 31 of each year, issue policy and program directives applicable to such fiscal year that—

- (i) establish priorities for the solicitation of program applications from underrepresented regions and industry categories;
- (ii) assign staffing levels and allocate other program resources as necessary to meet program needs; and
- (iii) establish priorities in the processing and admission of new Program Participants as may be necessary to achieve an equitable geographic distribution of concerns and a distribution of concerns across all industry categories in proportions needed to increase significantly contract awards to small business concerns owned and controlled by socially and economically disadvantaged individuals. When considering such increase the Administration shall give due consideration to those industrial categories where Federal purchases have been substantial but where the participation rate of such concerns has been limited.

(12)(A) The Administration shall segment the Capital Ownership Development Program into two stages: a developmental stage; and a transitional stage.

(B) The developmental stage of program participation shall be designed to assist the concern in its effort to overcome its economic disadvantage by providing such assistance as may be necessary and appropriate to access its markets and to strengthen its financial and managerial skills.

(C) The transitional stage of program participation shall be designed to overcome, insofar as practicable, the remaining elements of economic disadvantage and to prepare such concern for graduation from the program.

(13) A Program Participant, if otherwise eligible, shall be qualified to receive the following assistance during the stages of program participation specified in paragraph 12:

(A) Contract support pursuant to section 8(a).

(B) Financial assistance pursuant to section 7(a)(20).

(C) A maximum of two exemptions from the requirements of section 1(a) of the Act entitled “An Act providing conditions for the purchase of supplies and the making of contracts by the United States, and for other purposes”, approved June 30, 1936 (49 Stat. 2036), which exemptions shall apply only to contracts awarded pursuant to section (8)(a) and shall only be used to allow for contingent agreements by a small business concern to acquire the machinery, equipment, facilities, or labor needed to perform such contracts. No exemption shall be made pursuant to this subparagraph if the contract to which it pertains has an anticipated value in excess of \$10,000,000.

This subparagraph shall cease to be effective on October 1, 1992.

(D) A maximum of five exemptions from the requirements of the Act entitled “An Act requiring contracts for the construction, alteration and repair of any public building or public work of the United States to be accompanied by a performance bond protecting the United States and by an additional bond for the protection of persons furnishing material and labor for the construction, alteration, or repair of said public buildings or public works”, approved August 24, 1935 (49 Stat. 793), which exemptions shall apply only to contracts awarded pursuant to section 8(a), except that, such exemptions may be granted under this subparagraph only if—

(i) the Administration finds that such concern is unable to obtain the requisite bond or bonds from a surety and that no surety is willing to issue a bond subject to the guarantee provision of title IV of the Small Business Investment Act of 1958 (15 U.S.C. 692 et seq.);

(ii) the Administration and the agency providing the contracting opportunity have provided for the protection of persons furnishing materials or labor to the Program Participant by arranging for the direct disbursement of funds due to such persons by the procuring agency or through any bank the deposits of which are insured by the Federal Deposit Insurance Corporation; and

(iii) the contract to which it pertains does not exceed \$3,000,000 in amount. This subparagraph shall cease to be effective on October 1, 1994.

(E) Financial assistance whereby the Administration may purchase in whole or in part, and on behalf of such concerns, skills training or upgrading for employees or potential employees of such concerns. Such assistance may be made without regard to section 18(a). Assistance may be made by direct payment to the training provider or by reimbursing the Program Participant or the Participant’s employee, if such reimbursement is found to be reasonable and appropriate. For purposes of this subparagraph the term “training provider” shall mean an institution of higher education, a community or vocational college, or an institution eligible to provide skills training or upgrading under title I of the Workforce Innovation and Opportunity Act. The Administration shall, in consultation with the Secretary of Labor, promulgate rules and regulations to implement this subparagraph that establish acceptable training and upgrading performance standards and provide for such monitoring or audit requirements as may be necessary to ensure the integrity of the training effort. No financial assistance shall be granted under the subparagraph unless the Administrator determines that—

(i) such concern has documented that it has first explored the use of existing cost-free or cost-subsidized training programs offered by public and private sector agencies working with programs of employment and training and economic development;

(ii) no more than five employees or potential employees of such concern are recipients of any benefits under this subparagraph at any one time;

(iii) no more than \$2,500 shall be made available for any one employee or potential employee;

(iv) the length of training or upgrading financed by this subparagraph shall be no less than one month nor more than six months;

(v) such concern has given adequate assurance it will employ the trainee or upgraded employee for at least six months after the training or upgrading financed by this subparagraph has been completed and each trainee or upgraded employee has provided a similar assurance to remain within the employ of such concern for such period; if such concern, trainee, or upgraded employee breaches this agreement, the Administration shall be entitled to and shall make diligent efforts to obtain from the violating party the repayment of all funds expended on behalf of the violating party, such repayment shall be made to the Administration together with such interest and costs of collection as may be reasonable; the violating party shall be barred from receiving any further assistance under this subparagraph;

(vi) the training to be financed may take place either at such concern's facilities or at those of the training provider; and

(vii) such concern will maintain such records as the Administration deems appropriate to ensure that the provisions of this paragraph and any other applicable law have not been violated.

(F)(i) The transfer of technology or surplus property owned by the United States to such a concern. Activities designed to effect such transfer shall be developed in cooperation with the heads of Federal agencies and shall include the transfer by grant, license, or sale of such technology or property to such a concern. Such property may be transferred to Program Participants on a priority basis. Technology or property transferred under this subparagraph shall be used by the concern during the normal conduct of its business operation and shall not be sold or transferred to any other party (other than the Government) during such concern's term of participation in the Program and for one year thereafter.

(ii)(I) In this clause—

(aa) the term “covered period” means the 2-year period beginning on the date on which the President declared the applicable major disaster; and

(bb) the term “disaster area” means the area for which the President has declared a major disaster, during the covered period.

(II) The Administrator may transfer technology or surplus property under clause (i) on a priority basis to a small business concern located in a disaster area if—

(aa) the small business concern meets the requirements for such a transfer, without regard to whether

the small business concern is a Program Participant; and

(bb) for a small business concern that is a Program Participant, on and after the date on which the President declared the applicable major disaster, the small business concern has not received property under this subparagraph on the basis of the status of the small business concern as a Program Participant.

(III) For any transfer of property under this clause to a small business concern, the terms and conditions shall be the same as a transfer to a Program Participant, except that the small business concern shall agree not to sell or transfer the property to any party other than the Federal Government during the covered period.

(IV) A small business concern that receives a transfer of property under this clause may not receive a transfer of property under clause (i) during the covered period.

(V) If a small business concern sells or transfers property in violation of the agreement described in subclause (III), the Administrator may initiate proceedings to prohibit the small business concern from receiving a transfer of property under this clause or clause (i), in addition to any other remedy available to the Administrator.

(iii)(I) In this clause, the term “covered period” means—

(aa) in the case of a Puerto Rico business, the period beginning on August 13, 2018, and ending on the date on which the Oversight Board established under section 2121 of title 48 terminates; and

(bb) in the case of a covered territory business, the period beginning on the date of the enactment of this item and ending on the date that is 4 years after such date of enactment.

(II) The Administrator may transfer technology or surplus property under clause (i) to a Puerto Rico business or a covered territory business if either such business meets the requirements for such a transfer, without regard to whether either such business is a Program Participant.

(G) Training assistance whereby the Administration shall conduct training sessions to assist individuals and enterprises eligible to receive contracts under section 8(a) in the development of business principles and strategies to enhance their ability to successfully compete for contracts in the marketplace.

(H) Joint ventures, leader-follower arrangements, and teaming agreements between the Program Participant and other Program Participants and other business concerns with respect to contracting opportunities for the research, development, full-scale engineering or production of major systems. Such activities shall be undertaken on the basis of programs developed by the agency responsible for the procurement of the major system, with the assistance of the Administration.

(14) Program Participants in the transitional stage of Program participation shall be eligible for the assistance provided by subparagraphs (A), (B), (F), (G), (H), and (I) of paragraph (13).

(15) Subject to the provisions of paragraph (10)(C), a small business concern may receive developmental assistance under the Program and contracts under section 8(a) for a total period of not longer than nine years, measured from the date of its certification under the authority of such section, of which—

(A) no more than four years may be spent in the developmental stage of Program Participation; and

(B) no more than five years may be spent in the transitional stage of Program Participation.

(16)(A) The Administrator shall develop and implement a process for the systematic collection of data on the operations of the Program established pursuant to paragraph (10).

(B) Not later than April 30 of each year, the Administrator shall submit a report to the Congress on the Program that shall include the following:

(i) The average personal net worth of individuals who own and control concerns that were initially certified for participation in the Program during the immediately preceding fiscal year. The Administrator shall also indicate the dollar distribution of net worths, at \$50,000 increments, of all such individuals found to be socially and economically disadvantaged. For the first report required pursuant to this paragraph the Administrator shall also provide the data specified in the preceding sentence for all eligible individuals in the Program as of the effective date of this paragraph.

(ii) A description and estimate of the benefits and costs that have accrued to the economy and the Government in the immediately preceding fiscal year due to the operations of those business concerns that were performing contracts awarded pursuant to section 8(a).

(iii) A compilation and evaluation of those business concerns that have exited the Program during the immediately preceding three fiscal years. Such compilation and evaluation shall detail the number of concerns actively engaged in business operations, those that have ceased or substantially curtailed such operations, including the reasons for such actions, and those concerns that have been acquired by other firms or organizations owned and controlled by other than socially and economically disadvantaged individuals. For those businesses that have continued operations after they exited from the Program, the Administrator shall also separately detail the benefits and costs that have accrued to the economy during the immediately preceding fiscal year due to the operations of such concerns.

(iv) A listing of all participants in the Program during the preceding fiscal year identifying, by State and by Region, for each firm: the name of the concern, the race or ethnicity, and gender of the disadvantaged owners, the dollar value of all contracts received in the preceding year, the dollar amount of advance payments received by each concern pursuant to contracts awarded under section 8(a), and a description including (if appropriate) an estimate of the dollar value of all benefits re-

(v) The total dollar value of contracts and options awarded during the preceding fiscal year pursuant to section 8(a) and such amount expressed as a percentage of total sales of (I) all firms participating in the Program during such year; and (II) of firms in each of the nine years of program participation.

(vi) A description of such additional resources or program authorities as may be required to provide the types of services needed over the next two-year period to service the expected portfolio of firms certified pursuant to section 8(a).

(vii) The total dollar value of contracts and options awarded pursuant to section 8(a), at such dollar increments as the Administrator deems appropriate, for each four digit standard industrial classification code under which such contracts and options were classified.

(C) The first report required by subparagraph (B) shall pertain to fiscal year 1990.

(bb) may be required by the Administration or the lender before disbursement of the loan if the estimated value of that property is equal to or less than the Federal banking regulator appraisal threshold, and such appraisal is necessary for appropriate evaluation of creditworthiness.

(II) FEDERAL BANKING REGULATOR APPRAISAL THRESHOLD DEFINED.—For purposes of this clause, the term “Federal banking regulator appraisal threshold” means the lesser of the threshold amounts set by the Board of Governors of the Federal Reserve System, the Comptroller of the Currency, and the Federal Deposit Insurance Corporation for when a federally related transaction that is a commercial real estate transaction requires an appraisal prepared by a State licensed or certified appraiser.

(5) LIMITATION ON LEASING.—In addition to any portion of the project permitted to be leased under paragraph (4), not to exceed 20 percent of the project may be leased by the assisted small business to 1 or more other tenants, if the assisted small business occupies permanently and uses not less than a total of 60 percent of the space in the project after the execution of any leases authorized under this section.

(A) IN GENERAL.—Any financing approved under this title may include a limited amount of debt refinancing.

(B) EXPANSIONS.—If the project involves expansion of a small business concern, any amount of existing indebtedness that does not exceed 100 percent of the project cost of the expansion may be refinanced and added to the expansion cost, if—

(i) the proceeds of the indebtedness were used to acquire land, including a building situated thereon, to construct a building thereon, or to purchase equipment;

(ii) the existing indebtedness is collateralized by fixed assets;

(iii) the existing indebtedness was incurred for the benefit of the small business concern;

(iv) the financing under this title will be used only for refinancing existing indebtedness or costs relating to the project financed under this title;

(v) the financing under this title will provide a substantial benefit to the borrower when prepayment penalties, financing fees, and other financing costs are accounted for;

(vi) the borrower has been current on all payments due on the existing debt for not less than 1 year preceding the date of refinancing; and

(vii) the financing under section 504 will provide better terms or rate of interest than the existing indebtedness at the time of refinancing.

(C) REFINANCING NOT INVOLVING EXPANSIONS.—

(i) DEFINITIONS.—In this subparagraph—

(I) the term “borrower” means a small business concern that submits an application to a development company for financing under this subparagraph;

(II) the term “eligible fixed asset” means tangible property relating to which the Administrator may provide financing under this section; and

(ii) AUTHORITY.—A project that does not involve the expansion of a small business concern may include the refinancing of qualified debt if—

(I) the amount of the financing is not more than 90 percent of the value of the collateral for the financing, except that, if the appraised value of the eligible fixed assets serving as collateral for the financing is less than the amount equal to 125 percent of the amount of the financing, the borrower may provide additional cash or other collateral to eliminate any deficiency;

(II) the borrower has been in operation for all of the 2-year period ending on the date the loan application is submitted; and

(III) for a financing for which the Administrator determines there will be an additional cost attributable to the refinancing of the qualified debt, the

borrower agrees to pay a fee in an amount equal to the anticipated additional cost.

(iii) FINANCING FOR BUSINESS EXPENSES.—

(I) FINANCING FOR BUSINESS EXPENSES.—The Administrator may provide financing to a borrower that receives financing that includes a refinancing of qualified debt under clause (ii), in addition to the refinancing under clause (ii), to be used solely for the payment of business expenses.

XVIII. MINORITY VIEWS

Small manufacturers account for more than 98 percent of U.S. manufacturing firms and employ 4.8 million Americans.¹ They play a critical role in regional economies and in maintaining supply chain resilience. Yet many of these businesses struggle to access the capital needed to expand production and modernize operations in a rapidly changing economic landscape.

The Small Business Administration (SBA)'s flagship 7(a) loan guaranty program helps close this capital access shortage by partially guaranteeing loans made by certified-partnered lenders. The SBA also oversees the 504/Certified Development Company (CDC) loan guaranty program, in which private, nonprofit corporations provide SBA-guaranteed long-term, fixed-rate loans for major fixed assets such as land, structures, machinery, and equipment.²

The 7(a) and 504/CDC programs are both intended to be zero-subsidy, meaning that the costs of administering the program should be covered by the fees that the SBA receives for processing guarantees. However, *recent data indicates a concerning rise in defaults on 7(a) loans*.³ When defaults rise, the SBA must spend more of taxpayers' money on reimbursing 7(a) lenders for much of the losses incurred, threatening the zero-subsidy and the program's ability to pay for itself.

The SBA is required by law to send an annual 7(a) Program Risk Analysis report (the Report) to the House Committee on Small Business and the Senate Committee on Small Business and Entrepreneurship.⁴ The most recent report provided to both the Majority and Democratic staffs, for Fiscal Year 2024, highlights that early default rate (i.e. the default rate for loans not older than one year) rose significantly from slightly over 0.2 percent in June 2022 to 1.01 percent in June 2024.⁵ The report also demonstrates that the last 12-month default rate (i.e. the default rate for loans older than one year) rose from 1.32 percent in June 2022 to 2.76 percent in June 2024.⁶ Additionally, data provided to Democratic staff from an outside industry consultant studying the 7(a) program demonstrates that the overall default rate in the 7(a) program is continuing to rise at an alarming rate.⁷ According to the most recent data compiled by this industry consultant, the default rate in the

overall 7(a) program is approximately 3.7 percent as of October 2024.⁸

Perhaps more alarming is the fact that 7(a) loans originated to small manufacturers have amongst the highest level of defaults in the entire program. Specifically, the SBA report states “(c)onstruction and (m)anufacturing continue to demonstrate higher levels of risk than the overall 7(a) portfolio, with increases in Stressed Loan Rate, Early Default Loan Rate, and Last 12-Month Default Rate from June 30, 2023, to June 30, 2024.”⁹ The early default rate for manufacturers rose from 0.16 percent in June 2022 to 1 percent in June 2024.¹⁰ Similarly, the last 12-month default rate for manufacturers rose from slightly over 2 percent in June 2022 to 3.13 percent in June 2024.¹¹ In other words, loans to manufacturers are one of the most challenging elements of the 7(a) loan portfolio, which a loan level increase would exacerbate.

The recent spike in 7(a) loan defaults has been driven in part by the larger monetary environment. Interest rates rose in the wake of the COVID-19 pandemic to help combat rising inflation.¹² However, these rate increases also impacted the size of regular interest payments required of 7(a) borrowers (among others), and with higher interest payments, more borrowers became unable to make full payments.

Unlike the 7(a) program, the 504/CDC program does not have problems with the rising number of loan defaults; the 504/CDC program has not required a subsidy from a congressional appropriation since Fiscal Year 2015.¹³

As of June 30, 2025, more than \$27.6 billion in loan approvals have already been issued, out of the program’s \$35 billion cap for FY 2025. If the loan approvals continue at the same rate, it’s estimated the 7(a) program would reach its authorized limit before the end of the fiscal year. I am concerned that increasing the loan limit for the manufacturing sector could lead to those larger loans consuming a disproportionate share of the program’s overall level of lending authority, making it harder for the smallest of the small businesses to obtain 7(a) loans.

As I’ve stated, I am open to a discussion on increasing loan caps for manufacturers in the 504/CDC program and Committee staff has expressed that position to the majority staff on multiple occasions. That said, strong concerns persist that increasing the loan level for 7(a) loans at this time would expose taxpayers, lenders, and borrowers to unnecessarily elevated levels of risk, threatening the integrity of the 7(a) program. Committee Democrats have repeatedly expressed these concerns and shared related data with the Majority, but the Majority has refused to consider modifying or removing this bill’s 7(a) provisions. As such, the loan level increases
