Re: Emmett Bowens
Case No. 6:21-cr-141-RBD-EJK

Dear Judge Dalton,

I am writing this letter in support of my brother, Emmett Bowens. I am one of Emmett's oldest brothers, and I am a retired captain from the Marshall County Correctional Facility here in Holly Springs, Mississippi. I have spent many years in law enforcement and corrections, and I understand the importance of accountability, integrity, and respect for the law.

Our family has a long-standing history in law enforcement and public service. I have a brother who is currently serving as a lieutenant with the police department in Holly Springs, Mississippi, and previously served as Chief of Police. Another brother is a retired major from the Whiteville Correctional Facility in Tennessee. In addition, we had an uncle who worked as an undercover officer in Detroit, Michigan. Because of this background, we were all raised with a deep respect for the law and the responsibilities that come with it.

Emmett has always been a caring and giving individual. Since around 2017, he has taken it upon himself to organize community picnics at local parks, welcoming anyone who wanted to attend. These events were not for recognition, but simply to bring people together, uplift others, and create a positive environment within the community.

He has also demonstrated a strong work ethic throughout his life and has been a successful businessman, particularly in the area of real estate. His ability to work hard, provide for himself, and build something positive reflects his determination and potential to continue contributing to society in a meaningful way.

Despite the current situation, I truly believe that Emmett is a good man at heart who has made a positive impact on many people. He has strong family support, and we are committed to helping guide him forward in a better direction.

With great respect for the Court, I humbly ask that you consider leniency in sentencing and grant a downward variance where appropriate. I believe that Emmett's character, his demonstrated efforts to uplift others, his strong work ethic, and his history as a businessman show that he has the potential to continue contributing positively to society.

Thank you for your time and consideration.

Respectfully,

Arthur Bowens, Jr.
