Subject: Question Regarding Wire/ACH Processing

Sabeita,

Thank you for taking me call today. We are looking for information on where wires/ACH transfers are processed for Trustco Bank. Usually a bank will have a server somewhere that does the financial transaction processing. This is necessary for us in order to show an interstate nexus to the wire. I can provided any specifics that you need - like the information associated with the transaction in question,, account number, date, time, amount etc. Just let me know if you need any of that.

Thanks again,

Kerrie L. Harney
Special Agent
