v.	*	Criminal Case No. GLR-23-026
RYAN E. DALES Defendant	*	

* * *

ORDER

Pending before the Court is defendant Ryan Dale's Motion for Reconsideration of Denial of Motion to Suppress ECF No. 76. The Motion is ripe for disposition. No hearing is necessary.[1]

The gravamen of the Defendant's argument is that this Court improperly relied upon information related to fraud allegations occurring after the execution of the search warrant in question. This is incorrect. The Court relied upon information contained within the affidavit including but not limited to the use and/or ownership of the Defendant's cellphone in association with the residence searched. However there certainly appears to be implied or some evidence of other ongoing fraudulent activity in the affidavit referenced by the government.

As a result, for these reasons as well as the reasons outlined in the government's opposition and surreply and reasons stated previously on the record the Motion for Reconsideration will be DENIED.
