ORDER

Defendant appeared with her counsel, Ms. Nikki Pierce, Esq. along with Mr. Wayne Taylor, Esq., who was representing the United States. Defendant was before the Court to address the petition filed by the U.S. Probation office to revoke her pretrial supervision. Upon calling the case, the parties announced that Defendant had pled before the Honorable Pamela Reeves on February 4, 2019, and after the plea, Judge Reeves revoked her release status, and placed her in the custody of the U.S. Marshal. Placing Defendant into custody has made this petition, which sought the same relief, MOOT. The parties did not object to the Court dismissing the petition. Thus, the petition [Doc. 24] is DISMISSED AS MOOT. So the record is clear, this dismissal does not impact Defendant's custody status at all. She shall remain in custody of U.S. Marshal pending sentencing based on U.S. District Judge Reeve's Order.

SO ORDERED:
