Status of Payments to States for Distribution to Non-Entitlement Units of Local Governments (NEUs)

Disclaimer: For purposes of determining the beginning of the 30-day distribution period outlined in Section 603(b)(2)(C)(i) of the Social Security Act, as added by the American Rescue Plan Act of 2021, Treasury will assume that states receive their NEU payment under Section 603(b)(2)(B) three business days after the "invoice date," which is the date on which Treasury initiates the payment to the state. States that receive their payment more than three business days after the invoice date should contact Treasury in order to update the records. A blank invoice date indicates that Treasury has not yet initiated payment to the state or territory, either because the payment has not been requested or the payment is in progress.

Section 603(b)(2)(C)(ii)(I) provides for a first 30-day extension if a state certifies in writing an "excessive administrative burden" in writing before the end of the 30-day distribution period, and section 603(b)(2)(C)(ii)(II) provides for further extensions at the discretion of the Secretary of the Treasury. The status of extensions for each state is indicated below. A blank status field means that an extension has not been requested or the extension is being processed.

The information in this table is updated weekly.
