SUPERSEDING INDICTMENT

The Grand Jury charges:

COUNT ONE

(Conspiracy to Commit Wire Fraud)

A. Introduction

At times material to this Indictment:

1. The United States Small Business Administration (“SBA”) was an executive-branch agency of the United States government that provided support to entrepreneurs and small businesses. The mission of the SBA was to maintain and strengthen the nation’s economy by enabling the establishment and viability of small businesses and by assisting in the economic recovery of communities after disasters. As part of this effort, the SBA enabled and provided for loans through banks, credit unions, and other lenders. These loans had government-backed guarantees.

2. In March 2020, the Coronavirus Aid, Relief, and Economic Security Act, or the “CARES Act,” was enacted to provide immediate assistance to individuals, families, and organizations affected by the COVID-19 emergency. Among its various

provisions, the CARES Act authorized the SBA to guarantee loans under the Paycheck Protection Program (“PPP”), and the full principal amount of the loans could qualify for forgiveness.

3. Borrowers were required to use PPP loan proceeds only for enumerated purposes, including payroll costs, rent and utilities, and mortgage interest payments. Knowing misuse of PPP funds would subject borrowers to additional liability, such as charges for fraud.

4. Under the PPP, the maximum loan amount was the lesser of \$10 million or an amount calculated using a payroll-based formula specified in the CARES Act. The payroll-based formula considered the borrower’s total payroll costs from the preceding twelve months for all domestic employees. Once an average monthly payroll cost was established, the borrower would multiply that figure by 2.5 to arrive at a total maximum PPP loan amount. This payroll-based formula expressly excluded the compensation of an individual employee in excess of an annual salary of \$100,000, prorated as necessary, and, with limited exceptions, businesses with more than 500 employees did not qualify to obtain PPP loans.

5. To apply for a PPP loan, a potential borrower electronically submitted an SBA Form 2483 with supporting payroll documentation to a financial institution that would administer the loan and serve as custodian of the funds. On the SBA Form 2483, an authorized representative of the business was required to certify information regarding business operations. Those certifications included that: (i) the applicant was in operation on February 15, 2020 and had employees for whom it paid salaries and

payroll taxes or paid independent contractors, as reported on a Form 1099-MISC; (ii) current economic uncertainty made the loan request necessary to support the applicant's ongoing operations; and (iii) the PPP funds would be used to retain workers and to maintain payroll or pay other qualifying expenses.

6. Further, when submitting the SBA Form 2483, the authorized representative certified his understanding that, should the PPP funds be knowingly used for unauthorized purposes, the United States could hold him legally liable, including for charges of fraud. The applicant was also required to certify the truth and accuracy of any information provided on the SBA Form 2483 and in all supporting documents, including any documents submitted to verify the applicant's payroll expenses. Such supporting documents could include payroll processor records, bank records, wage records, payroll tax filings with the Internal Revenue Service, or other records sufficient to demonstrate the qualifying payroll amount.

7. Finally, the applicant was required to certify the following warning regarding false statements and other criminal penalties:

I understand that knowingly making a false statement to obtain a guaranteed loan from SBA is punishable under the law, including under 18 U.S.C. §§ 1001 and 3571 by imprisonment of not more than five years and/or a fine of up to \$250,000; under 15 U.S.C. § 645 by imprisonment of not more than two years and/or a fine of not more than \$5,000; and, if submitted to a federally insured institution, under 18 U.S.C. § 1014 by imprisonment of not more than thirty years and/or a fine of not more than \$1,000,000.

8. PPP loan applications would then be processed by participating lenders. If a PPP loan application was approved, the participating lender funded the PPP loan using its own monies, which were 100% guaranteed by the SBA. Data from the application, including information from the borrower, the total amount of the loan, and the listed number of employees, was transmitted by the lender to the SBA in the course of processing the loan.
